

QST Advertising

At the Board meeting I plan to propose that we continue to advertise for one more year the ad in QST. The ad appears under Ham Ads (Club/Hamfest/Nets) and reads as follows:

JOIN 10-10 - 70000 members dedicated to preserving ten meters. Daily Nets on 28.380 and 28.800 at 1800Z. Information at www.10-10.org. The ad costs \$124 a year. With poor band conditions I cannot think of a better way to reach prospective new members.
