

## **2010 Ten-Ten International Net, Inc. Scholarship Awards**

Dave Prestel, W8AJR, the Scholarship Chairman for the Foundation for Amateur Radio recently announced the four winners of the \$1500 10-10 International Net Scholarships for 2010.

### **Robert Hoops W3EGL**

Robert is 19 and entering his sophomore year at Rochester Institute of Technology, where he is majoring in electrical engineering. He holds a General Class license and is active in ARES/RACES in addition to supporting public service events. He comes from Watsonstown, PA.

### **Simeng Zhu KJ4KTI**

Simeng is 19 and is a freshman at Washington University. He qualified for the US Olympiads in both Math and Physics and plans to pursue a degree in Aerospace Engineering in hopes of working for NASA. Simeng holds a General Class license and is active on FM, SSB, and digital modes from 40m through UHF. Simeng resides in Sarasota, Florida.

### **Frederick Meyer KG6ECE**

Frederick is 19, lives in Soquel, California and is a sophomore at UC Berkley. Having gained a first hand knowledge of practical electronics in the course building home brew radio projects, Frederick is majoring in Electrical Engineering and Computer Science. He holds a General Class license and is active on all bands and modes, using the family ham shack. His mother, father, and sister are also hams.

### **Ryan Tucker N0PBS**

Ryan is 29, a resident of Rochester, New York, and a senior at the Rochester Institute of Technology, majoring in Electrical Engineering Technology. He holds an Amateur Extra Class license and is active on VHF and UHF, participating in SKYWARN and belongs to a group that uses amateur radio to support automobile rallies. His wife is also licensed.
