TEN-TEN INTERNATIONAL

ISSUE 4 \$2.50
OCTOBER 2010 (FALL)
VOLUME 48

"Meet Me in St. Louis" is much more than a nostalgic movie theme song once crooned by Judy Garland. Today, it's a standing invitation for visitors to enjoy the ever-expanding attractions of America's "Gateway to the West" and to share in the "Spirit of St. Louis"- a spirit of hospitality, adventure, discovery and progress. Once the grand lady of the riverboat era and staging area for western expeditions, today St. Louis is an ideal blend of the old and new, a cosmopolitan city with fascinating sightseeing, exciting nightlife, great shopping, and of course, proud home of the St. Louis Cardinals, St. Louis Rams and St. Louis Blues!

The 10-10 International News

Is published four times annually by the TEN-TEN INTERNATIONAL NET, INC. Publication dates are approximately mid January, April, July and October.

Each paid-up member will receive a copy. This is an independent publication. Permission to reprint is hereby granted, providing suitable credit is shown.

News items should be sent to the Editor. Technical articles and information on all 10 meter activities or news are welcome and solicited. All copy submitted must be typed, sent on computer disk or E-mail. Suitable formats will be provided upon request.

Photographs are encouraged. Black and White or Color are acceptable. Include complete information on the back of each photo. Attach a label or other suitable paper to the back of the photo and write all information on the label, not the photo. If sending digital images, high resolution of a minimum 300 dpi must be used. Please do not send newspaper or digitally printed photos as they cannot be used.

PLEASE MAIL ALL ARTICLES AND PHOTOS TO:

EDITOR 10-10 News

From The Editor

Paul Riedel, KI0SR, #8861

As you know the Convention will be in July of 2011. We need input from you the members as to what you would like in the way of tours, ball games, visit to the arch, or maybe a dinner show at the hotel. All ideas and suggestions are helpful. Remember it is your convention let us know.

Information about the hotel is on pages 16,17 of this issue. If you need additional information please give Gerry, Ken, or me a call. Complete information and registration forms will be in the January NEWS.

From The President

Gerry Gross, WA6POZ, #21274

Idle Chatter from the President

This is my last article as President of 10-10 International Net. Four years ago as I was beginning my presidency the bottom of cycle 23 was to have been reached and we were supposed to see the beginning and rise of cycle 24. Four years later, we may be in Cycle 24 but conditions have not improved as much as anyone had hoped. Now the propagation experts say that the peak years are 2012 or 2013. Hopefully in the short time remaining, conditions improve so we can enjoy the peak before we have to endure the slide back to the bottom.

These four years have passed quickly. Four years ago one of my objectives was to gain more exposure for 10-10. This has been accomplished as today I, Board members, Managers or volunteers are attending hamfests or conventions during most parts of the year. 10-10 is advertising in CQ, ARRL, WorldRadio and Canadian Radio Amateurs. We are also considering running banner ads on QRZ in the near future. Four years ago 10-10's web site was to be quite honest 'a joke'. With Director Mel Sojka's KD5DE #33513, hard work and with the assistance of a few others, our web site has been totally revamped. It has a List, Forums, Chat Rooms, Shopping Cart and a host of other services that were not possible with the previous web. Having and keeping a good web site demands continual updating.

Several other items have been started but are not finished. When I took office I made sure that each Director took responsibility for their area and let them operate according to their and the appropriate committee's wishes. I only got involved when the Board's interest was required. This area requires some additional work and I am sure that in the future we will see more changes. The Operations manual, a guideline on how the various areas of 10-10 are to operate; not a storage bin or a history of 10-10, has been shortened from over 175 pages to slightly over

100 pages. More work is required to remove redundancies and change the responsibilities of maintaining the manual from one person to the appropriate Director or Officer for each section. The 10-10 Board attempted to modify the definition of a valid contact and that was met with some stiff opposition. However, I feel the end result, while not the way I would have liked, is a good first step.

By the time this edition of the NEWS is received the outcome of the recent election should be known. We will have a new President and some new Directors to oversee the running of 10-10 starting in January 2011. The results are posted on the web and will be printed in the January NEWS. Several times this past quarter I was asked why I had chose not to run again. That decision was actually made four years ago when I was first asked to run. At that time I was ready to retire as Data Manager. I have been involved with the daily operations of 10-10 for over 30 years and like retiring from any job, it is time to pass the responsibilities on to someone else. Quite frankly, I would like to spend more time operating, traveling and being with the Grands. That being said I have not given 10-10 up completely. I will be on the Board for at least two more years as Past President and continue to be active at hamfests and conventions.

The duties and responsibilities of the President have been greatly exaggerated and misunderstood. From some of the comments I have read in the past, some feel that the position wields a lot of power and influence. Actually the position of President is very limited. No power: the President can not make motions or vote as part of the Board unless there is a tie. Some influence: as the President is one of eleven members of the Board and can try to sway the Board towards a desired goal, as any other Board member can. The President is a manager, setting meeting agendas, routing requests for services and insuring that the objectives of 10-10 as established by the Board are followed.

2011 is a convention year. Two years ago in Orlando it was decided to subsidize the cost of the Banquet. Food prices at hotels are not very reasonable, and it was decided to pay the tax and/or the gratuity. For 2011 we will continue this practice. While we strive to get the most reasonable room rates and banquet costs, costs just keep going up. It is one more way that dues and investments of 10-10 benefit the membership.

Mentioning prices that only go up! Most should be aware that the First Class US postage rate is once again set to rise next year. When you read the minutes of the last Board meeting you will notice that one item talks about the NEWS failing the 'flop' test. The 'flop' test means that

a single copy of the NEWS must be stiff enough to not bend along the longest axis when less than 50 percent is unsupported. This 'test', which we never knew existed or when it was first implemented, basically means that the NEWS could have been out of compliance for the past twenty years. To resolve this issue several solutions were examined to find the least expensive and ease of implementation. Some solutions looked at were folding and sealing the edges of the NEWS, replacing the cover with a stiffer paper stock or just using a heavier weight paper to print the NEWS. All of these options, of course, mean more expense to print and mail. Folding the NEWS can not be done mechanically unless the number of pages was cut to 24. Replacing the cover sheet with a heavier stock adds additional printing steps in the preparation process. And the weight of the NEWS would require addition postage. The simplest solution was to use a heavier weight paper for the entire NEWS. However this solution has its increased cost as well. The paper will cost more and the additional weight will cause the postage to increase to the next ounce of postage. This for the US membership is 17 cents per member per issue mailed. Not a major expense or a cause for alarm, yet. However, for DX members the cost is much greater: Canada - 25 cents and the rest of the world between 80 and 90 cents - again per member per issue mailed.

What we can we ALL do to keep membership dues where they are today. The answer is rather easy. Begin by receiving the NEWS electronically. In the coming months there will be an effort to use the internet more. Renewal notices, membership cards, awards certificates, and other items that today are sent through the mail will be sent electronically.

With this the last issue of the year and as my last issue as President I would like to take this final opportunity to wish each member a Happy Holiday season and New Year. May 2011 bring us peace and happiness and keep us well.

73
Gerry WA6POZ #21274

President Gross presented the yearly President's Award for outstanding service to 10-10. This years recipient is Vice President Larry Berger, WA2SUH. Larry has been a ham operator since 1961 and a 10-10 member since 1961. He was Area Manager from 1979 to 1997. He became a Director in 1998 and continued in that position until he was appointed to replace K7BOI, Mike Elliot in 2007 and was Subsequently elected in 2008.

Chapter Coordinator

Cliff Taylor, K5FBS, #48461

General Comments:

The "Summer Doldrums" and almost no propagation have left me with little to talk about, so here I go awandering.

Many chapters are participating on 10-10-10 and handing out points or are having a one day special. I hope that conditions are better than they have been.

More and more chapters are using the on-line quarterly report. I have started to acknowledge receipt of the quarterly reports received so you will know that I got yours okay. I am numbering the acknowledgements 1 (one) up monthly. If you are still confused as to how to access the form, the username is "report" and just drop me an email for the password. BTW, Just entering only the new data on the form makes it much easier for me to see what needs to be updated on the 10-10 website. If you have changed websites, please let me know as I have to periodically click on the "Chapter Link" to see if the URL is still valid.

The Chapter Relations Committee is now looking at the chapters that are delinquent for more than a year to possibly drop them from affiliation. If your chapter is one of those, please drop me a quarterly report as soon as possible.

I was lucky enough to catch VK2VFV not too long ago, and we have exchanged certificate lists. If you work Colin in the future and need his list, I will send it to you. Colin does not have a computer and I will more-or-less be acting as his certificate list manager.

Do you want your chapter to continue if you have to give it up or you become unable to continue as the CH or CM? Just put your records on a flash drive and send it to me or give it to someone to maintain. Don't forget that the "seven local" rule is no longer valid.

If you didn't participate in the "Spirit of 76" qso party then you missed out on a lot of fun. Working 10-10 members on different modes of transmission, particularly if you had never worked those mode before was quite an experience. I even worked 24 new CW contacts to upgrade to CCW 50.

Quarterly Reports Due During the Next 3 Months – (October) 10-Bar-X; Bauxite; **(November)** Down Under
Quarterly Reports Past Due (Date of last Report is shown) – (March '08) Pine State; **(September '08)** City of Melbourne; **(January '09)** Cincinnati Ten Tuners;

(March '09) Boomtown; Great Britain on Ten; **(June '09)** Colorado Quartermaster; **(September '09)** Channel Islands; Southwest Florida Moonshine Net

Changes to "10-10 Chapter" Section of the 10-10 Website during last Quarter

Bay Area: K6RDK's email address was changed to k6rdk@arrl.net and the email address of k6rdk@smrn.com was deleted.

Colorado Centennial, etct: CH/CM's email address was changed to wbocon44@yahoo.com

Crazy Eights: CH/CM's callsign was changed to WE3O and the email address was changed to w3eo.rjp@comcast.net

Restoration Project: The CH's and CM's email addresses were changed to cocjurassic@uniserve.com.

Sky Clue Waters/Tin Lizzie: The CH's address is now P.O. Box 135, Mayhill, NM 88339.

Changes to the CHAPNAME/SEALNAME Listings

New Waterkant: Seals New Waterkant_35HR, New Waterkant_DNAT and New Waterkant_VLCS were added.

Restoration Project: With the exception of Restoration Project_Feline Friends and Restoration Project_Island Visitor, all seals and worksheets are deleted.

Other Chapter News

All American City: This chapter has been inactive for a while, but K4DL is looking into the possibility of bringing the chapter back to life. Drop him an email to the email address of k4dl@bellouth.net and express your support.

Braniing Iron: Want to add some Branding Iron points? KA5VVD has a weekly quiz that is worth 200 points. The URL is: <http://brandingiron.shutterly.com/> and new questions are normally listed on Tuesday.

Cowtown: The chapter's Thursday 0130 ZSUM and 0230 ZWIN net is no longer being met.

Cypress: The chapter has deleted the Sunday 1900 UTC CW net.

Kansas Trials: There is a lot of confusion on the Farmer 1 and Farmer 2 seals. Only the chapter numbers one (1) through eleven (11) hold the Farmer 1 seal. All other chapter members have the Farmer 2 seal.

Maine-iacs: In addition to the chapter's regularly scheduled net, many of those chapter check-ins meet during the week on the frequency of 28.777 MHz in the morning.

Palmetto This chapter is in limbo at the present time but the possibility exists that it will again become active.

Speedway: "The Speedway Chapter" November Special/World Championships 00:01 UTC November 1 2010 to 2359 UTC 30 November. November is just around the corner, and the November Special/World Championships are almost here. ALL Speedway Members Past (Past Members are still in the database) & Present are encouraged to participate. There are 100 possible Special Designators available for this Special. Please note it is participation in

this Special that earns the 5x9 Award for those with Paid Up 10-X Dues. However everyone should participate for The World Championships points etc. For your own Special designator please either Upgrade your Speedway info, or Email me for one during September & October. I am looking forward to a really great event, and am hoping for good Fall band conditions.

Chapters that Accept Upgrades Via Email ((As of 8 June 2010)

All of the listed chapters generally need previous, new, and total points and seals claimed. Any transaction with the CM that requires that a certificate be issued, and most worksheet specials, should still be handled via US Mail. Also to be on the safe side, a detailed listing of the upgrade should be kept in the event that the CM should require verification. Requirements peculiar to a particular chapter are noted below.

(* indicates change)

Alii - CM WH6S, wh6s@hawaii.rr.com. Use form available from the CM.

Battle Road - CM K1IEQ, k1ieq@juno.com

DX NEWS

Mike Davidson, N5MT, #24949

On October 10, 2010, the **Netherlands Antilles** will cease to exist as a country within the Kingdom of the Netherlands and the islands will emerge with several new statuses: St. Maarten and Curaçao will each become an independent country within the Kingdom and will be granted the same status that Aruba attained in 1986. Bonaire, Saba and Sint Eustatius will be given the status of a public body in the Netherlands and will be directly under Dutch rule.

For Amateur Radio this means that the Leeward Islands (PJ2/PJ4) and Windward Islands (PJ5/PJ6/PJ7) will be deleted for ARRL DXCC. However, four new entities are expected to emerge on 10-10-2010. Both St. Maarten (PJ7) and Curacao (PJ2) will each become new DXCC entities. Bonaire (PJ4) will become a new DXCC entity. Saba (PJ6) along with St. Eustatius (PJ5) will become a single DXCC entity due to their proximity to each other.

JX Jan Mayen Island. Stan SQ8X, announced that a team of 5-6 hams, is planning to visit the Island of Jan Mayen between July 4-14th, 2011. This will not only be a DXpedition, but the team will have a unique opportunity to climb "Beerenberg" - an active stratovolcano. Web site: <http://en.wikipedia.org/wiki/Beerenberg>.

Total 10-10 countries as of today 315. Twenty-nine Countries remaining to be worked for 10-10. There are about 60 Countries with no resident 10-10 member. Many of these are Islands and countries with no ham population.

Countries Award: There were no applications this past quarter. Please copy QSL cards instead of sending the originals to save postage.

General 10-10 DX reported in the past quarter:

7P Lesotho. Doc WB6OJB #70675, was back in Lesotho from August 2-6th for another trip into Africa as he did last year. He made few ten meter contacts.

A6 United Arab Emirates. Fred G4BWP #28684 was on ten meters in the WAE contest using call sign A65BD.

CT7 Arlindo CT1EGW #64677, Luis CT4NH #42052, and Herman HB9CRV/CT3FN #72110, were in the IOTA Contest in July as CR6W from Insua Island.

FP ST. Pierre & Miquelon. Peg KB9LIE #69937 and Paul K9OT, was again on Miquelon Island from July 5-14th. LoTW. <http://www.hamradio.pnpfarms.com>.

GM Channel Islands. Tom GM4FDM #31864, was on the Channel Islands from June 29th to July 6th.

I Italy. James KB0MZF #69109, Giovanni IZ0PSA, Edmondo VA3ITA and Laura VA3LIA, were active as IB0Y from Ponza Island from August 1-8th.

J6 St. Lucia. Howard WB4WXE #7010, was active as J6/WB4WXE from St. Lucia until July 6th.

JY Jordan. Chuck KG9N #17038, was in Jordan and operated from the JY6ZZ club station from July 7-15th.

PJ7 St. Maarten. Andrea IK1PMR #62272 and PA3LEO were in St. Maarten and Anguilla in the Caribbean from June 8th to 21st.

S79 Seychelles. Marq CT1BWW #64689, used call sign S79BWW in the Seychelles' National Park, from July 17-31st. Web: <http://www.ct1bww.com/s79bww/>.

T30 W. Kiribati. Haru JA1XGI/W8XGI #55571, make another trip to Western Kiribati using call T30XG on CW and digital from June 3-9th.

V31 Belize. Bob W5UQ #74198, San K5YY and Bill, W5SJ, operated from Belize, July 12-19th, as V31UQ.

VE Canada. Gregg VE3ZZ #38480, was active from Prince Edward Island July 21- 26th. He used VY2X for IOTA else VE3ZZ/VY2. John VE1CDD #54264 and Barry VE1TRI was active as VE1TRI/P from Long Island Nova Scotia during the IOTA Contest in July. Roland VE1AOE #14936 and friends operated VB1H from Harris Island, from August 11-15th.

VP2E Anguilla. Andrea IK1PMR/VP2EMR #62272, and Claudia PA3LEO/VP2ECF, uploading their VP2E logs too <http://www.ik1pmr.com/logs/>. They were on Anguilla until June 20th. QSL via PA3LEO.

W USA. Leslie AD5WB #74524, was in the IOTA Contest from Galveston Island in July. Dennis N3DG #13163, was on from Seven Mile Beach Island as N3DG/2. Gary W2VQ #73708 and Paul WQ2N #74295, used WQ2N/p from Long Beach Island. Paul was there the weekend, while Gary remained there until the 30th. Eric WG3J #10205 was in the IOTA Contest as K3I from Tangier Island. Burch W4MY #62672, was active from Bogue Banks during the IOTA Contest. Stan N2US #10790, was in the IOTA Contest as N2US/3 from Assateague Island, on low power.

Upcoming DX & New 10-10 Activity:

3D2 Fiji. Sebastien F8IJV #64604, plans to be in Fiji in October 2011. He will try to be active during his free time with call 3D2JV. He will operate from his friend's 3D2AG #72719 on Liti Levu, and operate the CQWW SSB (2011) from that QTH. He will have an FT-450 and Spiderbeam 5-band antenna and verticals. He expects to be on SSB, with FM on 10, and digital. LoTW.

9H Malta. Holger DL5XAT #64618, and Olaf DL4HG, are going to Gozo Island, Malta, from November 23- 30th during the CQWW CW contest. They will be using only 100 watts and vertical antennas.

A25 Botswana. Robert K5ZOL #72593 and Frosty K5LBU #51322, will be active from Botswana between October 20th and November 4th. Each op has his own call sign but they will have a special call of A25HQ for the CQ WW SSB contest with three stations on at the same time.

CY0 Sable Island. Randy **N0TG** #12990 and Ron **AA4VK** #12423, with **VE1RGB**, and **AI5P**, will be on Sable Island from October 21-29th. Web site at <http://www.CY0DXpedition.com>. **DU Philippines.** Gerard **F2JD** #63443, is traveling to Manila again from where he will sign **DU1/F2JD** until December 2010. He may activate some IOTA. Logs available at: <http://lesnouvellesdx.fr/voirlogs.php>.

KG4 Guantanamo Bay. Stu **K4MIL/KG4SS** #66937 and Bill **W4WV/KG4WV** #26180 with more friends, will operate from October 5-19th all bands and modes.

KP2 US Virgin Islands. Street **K1TO** #11008, Bruce **W4OV** #7344, John **NP2B** #19327, Jeanette **NP2C** #21055, Ann **KP2YL** #70464, Fred **K9VV** #8707, and friends, will operate from St Croix from October 30-31st.

OD Lebanon. Manfred **OD5/DL6SN** #36153, is now in Lebanon until January 1, 2011. He likes CW and expects to be on his pm and weekends. QSL via DO8LA.

P4 Aruba. John **W2GD** #14109, will be on Aruba from November 22nd to December 1st, including the CQ WW CW DX Contest as P40W. QSL via N2MM.

PJ2 Curacao. Ken **W1NG** #10988, and friends, will operate from the PJ2T station, located at Signal Point from November 4-11th. Web page at: <http://www.pj2t.org>.

PJ4 Bonaire. John **K4BAI** #45389, and friends, will be active from November 23- 30th as PJ4A.

PJ7 St. Eustatius and Maarten. David **AH6HY** #33750, will be active as PJ5/AH6HY from St Eustatius on October 6-15th. He will move to St Maarten as PJ7/AH6HY from October 15-22nd. Will **AA4NC** #15774, will be active as PJ5/AA4NC from St. Eustatius from October 9- 15th, then as PJ7/AA4NC from St Maarten on October 15- 18th. Joe **W8GEX** #41393 and Craig **K9CT** from October 10-20th from St. Maarten.

TA Turkey. Rene **DL2JRM** #69623, is going to Sile, Turkey near Istanbul from September 13-16th and will use call sign TA2/DL2JRM all CW.

TF Iceland. Rene **DL2JRM** #69623 will use call sign TF/DL2JRM from September 17-24th while in Iceland.

TK Corsica. Patrice **F5RBB/TK** #71709, and wife Mireille **F0FRL**, will operate from Corsica on September 12-25th. Patrice likes to operate SSB and digital.

V3 Belize. Mike **W7ASF** #53132 will be in Belize from October 25th to November 4th including the CQWW SSB. His call sign will be V31MH.

V3 Belize. Jim **WB2REM/V31MM** #48365, Paul **W4PGM/V31PM** #75574, and Glenn **KD2JA**, will be in Placentia, Belize from March 23-30, 2011.

V6 Micronesia. Shoji **JA7HMZ/V63DX** #30900, and two friends, will be in Micronesia October 29-November 4th, operating as V63B in the CQWW SSB contest.

VP5 Turks and Caicos. David **VP5/W5XW** #6506, was worked by a friend on CW. Unknown dates.

VP8 S. Orkney Islands. A DXpedition to the South Orkney Islands, is upcoming this winter from January 27th to February 8, 2011. Operators are Ralph **K9ZO** #6142, ND2T, 9V1YC, Ralph **K0IR** #2609, Doug **N1DG** #27629, W3WL, N6MZ, I8NHJ, George **N4GRN** #73941, John **VE3EJ** #5757, WB9Z

and Lewis **W7EW** #34378. Web site info at: <http://www.vp8o.com>.

VP9 Bermuda. Ray **VP9/ND8L** #16810 and WW3S, will be at VP9GE's #3822 QTH for the CQWW RTTY, September 25-26th, signing VP9I in the contest. Gay **N4SF** #00568, and Les **VP9/N1SV** #71546, will again be operating from Bermuda in the CQ WW Phone Contest.

VQ9 Chagoa Island. Larry **VQ9LA/N0QM** #30784, the club station on the Island has lost their big beam. Larry will depart the Island in December 2010.

W USA. Buzz **NI5DX** #45645 and Al **WD5IQR** will be active from Mustang Island TX on September 17- 19th.

Z2 Zimbabwe. Bob **AC7GP** #68357, will be active from September 30th to November 1st using low power.

ZD8 Ascension Island. Tom **K7ZZ** 71378, is making a trip to Ascension Island as ZD8ZZ to be active from October 6-19th using SSB and CW. Tom will operate from a mountain site but running low power with a view of the Atlantic. LoTW.

ZL8 Kermadec Island. The ZL8X DXpedition to Raoul Island, Kermadec begins November 19th. The current teams of operators are Felix **DL5XL** #55519, Dieter **DL8OH** #22886 and thirteen EU ops. Web site at: <http://www.kermadec.de>.

Miscellaneous Items & Notes:

QSL Routes: <http://www.dailydx.com/routes.html>.

Propagation forecast: <http://www.solen.info/solar/>.

Postage and IRCs: <http://www.qsl.net/w9ol/ircchart.txt>.

QSL help: <http://files.billnjudy.com/>.

DX Calendar: <http://www.dxwatch.com/>.

More propagation: <http://dx.qsl.net/propagation/>.

Propagation: Propagation continues to improve and we have seen more active sun spots in August. Expect the daily solar flux to range from 79-93 the next quarter as solar Cycle 24 is made official by NOAA.

On September 9th the solar flux was 75. The A index 8 and K index 1. No storms expected. Expect the best conditions on Sept 7-11th, Oct 5-8th, Nov 1-3rd and 28-30th and Dec. 27-31st. Over the next four months, for USA stations, expect a 20% chance of DX in the mornings to Asia, Europe or Africa and a 40% chance into South America or the Pacific in the afternoon. To tell what DX paths are open, listen for the beacons from **28.175-28.300 (especially 28.200)**.

New DX members' June to August 2010:

June: 75746 DL7APK; July: 75788 PE1OLM, 75802 OK1AR, 75809 DL1JGO; August: none.

Thanks to the QRZ-DX, DXNL, The Daily DX by W3UR #25731, Lee KH6BZF #8888 & Ohio/Penn DX Bulletins. Info to Mike Davidson, 3518 Bellefontaine, Houston, TX 77025 USA Email: N5MT@aol.com

NET NEWS

Bob Farrow, N6OPR, #45715

Hello 10-10 members where ever you are.

Back in the summer of 2006 Dan, KC8IM became Alternate Net Control (NCO) to help out when the regular NCO needed time off. Now it is summer of 2010 and Dan, KC8IM has become the regular NCS for us calling the Wednesday net on 28.380. We now need a new alternate operator to replace Dan. I am putting a call to anyone who would like to become an alternate net control operator (NCO). You must have license privileges on all parts of the 10 meter band. We have two alternate NCO on the west coast now so it would be nice to get someone from the East coast.

The LAX group of 10-10 have a lunch gathering the first Thursday of each month and all "DX" visitors are welcome, Lunch is on us. In June we had a special gathering to honor Scotty WA6TQE, #71 who called a net for us for several years who is moving to a new home in Lakewood Colorado. We will all miss Scotty and wish him well.

As for the daily nets not much to brag about. There have been very few openings for the propagation has not been good. Don't forget the daily nets they are there for you.

Thanks for stopping by.

Bob, N6OPR

Lefty to Right Scotty, WA6YQC and Doc, WB6OJB

10-10 International Net, Inc. 2010 Board of Directors Meeting St. Louis, Missouri June 19, 2010

Vice-President Larry Berger, WA2SUH, #407 called the 2010 10-10 International Net Inc., Board of Directors meeting to order at 8:35 AM on June 19, 2010, at the Sheraton Westport Plaza in St. Louis, Missouri. Roll was called by Secretary Sandy Glenn, W7SSG, #74633. Present were Vice President Larry Berger, WA2SUH, #407; Director Brad Kimble, K0DBK, #55192; Director Cliff Taylor, K5FBS, #48461; Director Jack Moore, K5CC, #50708; Director Rob Ireland, VE9KM, #69811; Director Robert Farrow, N6OPR, #45716; Director Ken Harmon, K1IEQ, #31363; Director Paul Hemby, WN4AMO, #73825 and Director Mel Sojka, KD5DE # 33513. President Gerry Gross, WA6POZ, #21274, was absent due to medical reasons, as well as past President Chuck Imsande, W6YLJ, #19636. General Counsel Dave Splitt, KE3VV, #69831 was absent due to a family commitment. A sufficient number of Officers and Directors were present and a quorum was established.

Invited guests present were Treasurer Keith Schlottman, KR7RK, #63324, new Data Manager Joe Faria, W1SQL, #71965, and Editor Paul Riedel, K1OSR, #8861. Also in attendance were Marlon Gillbreath, WA0CKO, #37994, William Eggleston, N0WM, #2724, Jerry Heien, N9AVY, #43313 and Gary Miller, KA6GPC, #43555.

The Pledge of Allegiance was led by Director Taylor. An opportunity was given for the recognition of any other 10-10 member country. A moment of silence was observed in remembrance of recent Silent Keys.

The following items were added to the agenda: the rewrite of chapter guidelines; consideration of a Board succession plan; the Presidents award and discussion of the open season contest.

Hearing no objections, the minutes of the 2009 Board of Directors meeting held July 23, 2009 as published in the 10-10 International News, stand approved.

Reports:

In the absence of President Gross, Vice-President Berger gave the highlights of the President's report. President Gross reported that he attended the Dayton Hamvention, and HamCom in Plano, TX. He continues to write quarterly articles for the 10-10 News and a bi-monthly article for World Radio Online. He reported that in February he appointed Paul Hemby, WN4AMO, #73825 as Director to replace the position left vacant by the resignation of Director Leslie Johnson, WA4EEZ, #15675. The appointment was subsequently approved by a majority of the Board of Directors. Paul Hemby has assumed the duties as the head of the Public Relations Committee.

Vice-President Berger reported on his activities for the past year. He reviewed the monthly reports of the Data Manager and found them to be in order; was consulted with on several issues relating to 10-10 and the Scholarship Foundation; assisted in interviewing candidates for the Data Manager/Supply Manager position(s) and responded to several inquiries from 10-10 members. He reported that he gave talks at several local radio clubs on transmitter hunting and also worked in a pitch for 10-10 at the conclusion of his presentations. He continued in the role of Scholarship Manager for the 10-10 Scholarship Foundation and communicated with the Foundation for Amateur Radio, the administrator of our 10-10 Scholarships, (see 10-10 Scholarship Foundation minutes).

Secretary Glenn reported that in the past year as secretary she and her family had represented 10-10 at Sea Pac in (Seaside, OR) There had not been anyone representing 10-10 there in the past 20 years, so they were more than happy to have us present to hand out the 10-10 News, handle memberships, etc. She also fulfilled the duties of Secretary during the elections.

Director Hemby reported on Advertising. He said that we are presently advertising in four publications: QST, CQ, World Radio and Canadian Amateur. He has contacted each and asked them to list him as the contact for 10-10 advertising. He helped man the 10-10 booth at the Orlando Hamfest, where they had a great turnout, processed some renewals and handled new applications. He has been working with Director Moore to get the new Spirit of 76 QSO Party going.

Director Kimble reported on the Awards Committee. The committee has been fairly busy over the past year. Currently, there are four committee members. In the past year there have not been any issues that the committee had to deal with. All of the managers have been able to report at least once during the year with the exception of the GP Counties and Regions and WAS awards, due to propagation. But with propagation picking up he expects the coming year to be very active for the awards program. He also checks the Ten-Ten Forum on a regular basis to ensure there were no questions relating to the awards program by members. This will be his last report as Director and Awards Committee Chairman, as he will not be running for re-election at the end of his term.

Director Taylor reported as Chapter Coordinator. With the help of the Chapter Relations Committee he affiliated chapters wanting to become members of the

10-10 organization; re-affiliated those chapters desiring continued affiliation; and de-affiliated those chapters no longer meeting requirements and took care of problems which arose regarding chapters. He accepted quarterly reports from currently active 85 affiliated chapters and/or subchapters, to ensure lists were up to date on the 10-10 website and Chapter Net Guide. He continued to write the Chapters Manager's column for the 10-10 News, including chapter information that was of interest and list of chapters that accepted upgrades via e-mail. He recommended to K4HAV changes which needed to be made in the CHAPNAME and SEAL NAME listings in the WIN1010 program. These listings are updated as needed and contain the latest information on chapters and chapter seals (whether collectable or used on worksheets). This information is made available to any 10-10 member on the WIN1010DL web site. Director Taylor assisted Director Moore in the W6OI Special Event by finding members in the 1 through 5 Districts who wanted to participate and made the QSL cards for the event. He worked on the "What is a Valid 1010 Contact?" Ad Hock Committee to come up with a proposal to be delivered to the Board of Directors at this annual meeting.

Director Harmon reported on the 2011 convention which will be held at the Sheraton Westport Plaza Hotel in St Louis, MO on July 19-23 hosted by the Gateway Chapter, with the Board Meeting on the 20th of July, and chapters can set up tables on that day. Thursday would be the first day of the convention, all day Friday and Saturday would be a short day ending around 3:00 for "President's time" and getting ready for the banquet that evening. There was a lot of discussion on the 2011 convention and questions were brought up about the cost for the convention. There is \$10,000 set in the budget (two year budget plan) for hamfests and conventions. Also, door prizes for the convention are usually handled by the President and other members usually in the past have gotten donations from the Dayton Hamfest by contacting different organizations and getting donations. Letters are always a good way to get donations. A motion was made by Director Farrow seconded by Director Sojka to establish pre-convention seed money with a cap of \$2500.00 with the contact to be Director Harmon. Motioned carried.

Director Sojka gave the Internet Report. He stated that the web site continues to be very active, and we have recorded 175,856 visits, with the revisions below: April 11, 2009 – A Forum security patch was installed to stop spam bot attempts to register April 28, 2009 – A full service Shopping Cart was installed to allow for on line membership renewals and applications. Aug 10, 2009 -The Shopping Cart was modified to allow for club station renewals and applications at a reduced rate when the no news option was chosen. Aug 26, 2009 -A new Mailman mailing list became available using an outside provider. This replaced the list that had been dropped in December 2008. Feb 22, 2010 -To prevent unauthorized access, a security patch was added to the shopping cart. Mailman List: Set up new Ten-Ten list at EMWD hosting. There are no major hosting services that allow total Mailman usability; therefore a contract type service was the only option. Cost is \$4.00 per month for an average of 8000 outgoing posts per day. At the 6 month renewal date we had 139 subscribers to the list and renewed for a one year subscription. When shut down the previous list in 2008 there were just over 500 subscribers. Shopping Cart. This is a one of a kind application; the customer has to create the product using a form before the purchase can be made. This does cause a little problem at times, as many members will access the application out of curiosity and if they do not make the purchase, he and the Data manager get a copy of the form expecting a purchase to follow. This has happened 139 times. He is working on a revised form to see if some of the problems with the shopping cart can be avoided. Forum/Chat Room. We have 349 registered users on the forum and 139 in the chat room. The forum is not being used to its full capabilities. The chat room seems to be used only during QSO parties so it does have to be monitored for abuse on a regular basis.

A break was taken at 10:00 AM and the meeting resumed at 10:15 AM.

Director Ireland reported on the Publications Committee: He said that he and the Editor have solicited articles and other material for publication in the News with varying degrees of success. They have tried to start a series on radios and computers, but it has been difficult getting material from the original author. They have started a series on Board members and so will be looking in the near future for volunteers. It was asked that Director Kimble provide an article for the October issue of the News since he will no longer be a Director after December. He accepted. One other item discussed is that the News fails the "flop test." This refers to the weight of the paper going through the postal machine. The options for this are: 1) using 50# paper will cost approximately \$150.00 more per issue to send out and 2) using bulk rate which may be far less reliable. We will be using the heavier paper and using first class mail.

Director Moore gave his report on W6OI (official 10-10 Club Station), QSO Parties and the mobile contest rules.

W6OI

Club station W6OI was established in 1975 in memory of Jim Payne who was the Corporate Secretary and Treasurer for 10-10 as well as a Net Control Station. W6OI is available to current members or chapters for special events such as conventions and gatherings. Louise N6ELK operates W6OI on the 10-10 daily nets. The club station participated in all QSO Parties and was operated by Dan K7IUQ mobile and portable from December 9th to March 10th. W6OI was the official station at the Orlando Convention in July 2009 making over 100 contacts.

QSO Parties

Marginal band conditions were reflected in the number of logs received for the various QSO Parties. The phone QSO Parties brought the greatest participation. There is a new QSO Party in July, "Spirit of 76", in which stations will operate 6 modes. Also in October there will be a special sprint on 10-10-10. Ruth, N0KDB has designed certificates to be given to members working any of five categories: one member with 1010 in number, 10 members with 10 in number, 10 volunteers, all 10 US call areas and 10 DX members. Mobile QSO Party: This event is held on the third Saturday in March. Director Moore recommended revision to the Mobile QSO Party rules. He said the current rules allow both mobile and fixed stations to submit logs and to use multipliers for counties worked from and for counties worked. This results in stations having to submit multiple logs and has caused scoring difficulties for both QSO participants and for the scoring manager. The revised rules would allow only mobiles to submit logs since this is a mobile event (fixed stations could submit check logs if desired). Points would be like other QSO parties, two points for working 10-10 members and one point for non-members. No multipliers for counties worked or counties worked from would be allowed; however, mobiles could work the same station from different counties and receive two points for each contact. A copy of the revised rules was given to all Board members. An outline of the revised rules follows:

1. Only mobile stations will submit logs; however fixed stations are encouraged to participate to help give out points and collect counties. Mobile applies to car, truck, RV, motorcycle, boat, airplane or other mode of transportation. A station operating mobile entry must be a true mobile. Sitting in the driveway and using the base station antenna or amplifier, or using commercial power is not permitted. RV generators are permitted only if the generator is used while in transit.
2. Operation while your vehicle is parked across a county line occupying two counties, counts as two counties and two contacts. Marine and aeronautical mobiles must be able to establish counties of operation.
3. The on the air exchange shall be Call, Name, QTH, 10-10 Number (if a member) zero (0) if not and county.
4. Scoring will be the same as other 10-10 QSO parties. Two points awarded for contacts with a 10-10 number and one point without a 10-10 number. Duplicate entries are allowed when working in multiple counties.
5. Logs must be in date/time order and list Date, UTC time, county worked from, Call, Name, 10-10 number, County worked, QTH and Contact Point Value. Fixed stations may submit logs as check logs only.
6. Logs must be postmarked no later than 14 days after the end of the event. Only members in good standing with dues paid are eligible for awards.

Discussion followed about the revised rules with questions being raised about fixed stations not being included and DX entities not being represented. No consensus was forthcoming and action was postponed until later in the day. Director Farrow reported on 10-10 nets: He stated that 10-10 nets are called daily (except Sunday). There are a lot of questions by members about what is a VP so maybe we should put some information in the news about this. There was one net run by Dan, KC8IM that had 53 check-ins with the help of two relay stations. A big concern is that 10-10 Board members do not check in. There were 31 check-ins on Thursday, June 17th. He also stated that he needs more net controllers especially on the East Coast and the Mid-West. He was asked to check into having PSK nets and on June 1 started a PSK net, with three contacts, with one 10-10 member. Then on the second day there were no check ins. This net is run daily (except Sundays) at 1900 hours.

Vice-President Berger presented Data Manager Gerry Gross' report. Ruth Bartholomew N0KDB, #48715, Silent Key Manager, tracks, verifies and report on silent key activity, using data from the following: ARRL, QCWA, SSDI and other sources. She continues going through the 10-10 database identifying SK's. As of March 31, 2010 she is through 40,012 having identified over 2300 silent keys this year and 4900 as of this report. As Data Manager Gerry processes new memberships, renewals, and life memberships, handles all charges, verifies call, name and address changes. He also interfaces with the 10-10 News editor in the publication and mailing of the news. With the poor band conditions, memberships have slowed. As of March 31, 2010 over 350 members receive the news either a

download or by e-mail., and over 1100 members have signed up for a quarterly e-mail notification of important 10-10 events.

Vice-President Berger thanked everyone for their reports.

Old Business:

Organization Chart Review: Vice-President Berger asked if there were any changes to the Organization Chart. The following changes were noted: Net Control station N7PVL should be deleted and replaced by KC8IM. Data Manager WA6POZ is replaced by W1SQL. If there is anything else to be changed or added let President Gross know and it will be noted.

What is a Valid 10-10 contact: This discussion was led by Director Ireland. At the direction of the Board, an ad hoc committee comprised of Directors Taylor, Kimble and Ireland was established to work on the definition of a legitimate 10-10 contact. At the June 2008 Board Meeting, a change was made to the Operations Manual that stated "A repeater contact will count as long as both stations have no direct or indirect control over the repeater". Following some negative reaction an online survey was held, but with only 50 responses the Board felt that this was insufficient to warrant a further change. Therefore, a survey was published in the October 2009 news with 70 responses coming back; from that it appears the recent change in the definition a legal contact allowing the use of repeaters was not popular with most of the respondents nor was the concept of allowing the use of remote base stations. He also pointed out that the new language in 5.1.1.1.d.1 and 13.1.2.1 is not in agreement. The opinion of the subcommittee is to rescind the Board action of June 2008 and stipulate no repeater use for valid ten-ten contacts and harmonize these different definitions and make a single clear statement in the operations manual. Director Ireland made a motion for the definition to appear in 13.1.2.1 as essentially the old one with a few changes: "A legal 10-10 contact must be a direct, two-way contact exclusively on ten meters, and must consist of the exchange of call sign, 10-10 number, name, date of contact and QTH (state or country). Repeater, Satellite, IRLP or any other similar types of assisted contacts are not allowed. At no time is it acceptable for a 10-10 number to be relayed via a third station or copied from any other source. The QTH is the location of the transmitter and not the location of the operator." Director Farrow seconded the motion. (This discussion was continued after lunch).

At 12:10 PM a break was taken for lunch and the meeting resumed at 1:43 PM.

An additional visitor to the meeting was Ruth Bartholomew, N0KDB, #48715.

After the lunch break the discussion resumed on what is a valid 10-10 contact. After much deliberation on the topic and in light of considerable opposition to the motion, Director Ireland and Director Farrow who seconded withdrew the motion.

A new motion was made by Director Hemby seconded by Vice-President Berger to read as follows: "A legal 10-10 contact must be a direct, two-way contact exclusively on ten meters, and must consist of the exchange of call sign, 10-10 number, name, date of contact and QTH (state or country). At no time is it acceptable for a 10-10 number to be relayed via a third station or copied from any other station. Repeater, Satellite, IRLP or any other similar types of assisted contacts may only be used for Bar and VP contact awards." The motion carried with Director Ireland voting "no."

Operations Manual Review: Vice-President Berger reported that President Gross stated at last years meeting that he was supposed to separate the Operations Manual headings by Director, but that did not get done as planned. Also each Director through committees would have the approval to make minor changes to the sections without approval of the Board. Any new awards would have to be approved by the Board.

Nomination Committee: Director Ireland reported that the committee received a good number of enquiries, and at the end of the process there were thirteen people that requested forms; ten submitted completed forms and two asked for their forms to be withdrawn, leaving a total of nine members asking to be nominees. The committee agreed to allow all names to stand so for the election. Therefore there are two nominees for President, one for Vice-President, one for Secretary and five for Director. The Committee recommended that the Board consider whether or not they wish to stipulate Board experience as a prerequisite for those wishing to stand for some positions such as President, Vice-President, etc. This will be an agenda item for next year's board meeting. The Nomination Committee completed its duties and everything was turned over to the Secretary to follow up on items for the upcoming election.

New Data Manager: New Data Manager Joe Faria spoke about 10-10 mail being shifted to Connecticut. He also mentioned there is a change in banks from US Bank to Wachovia/Wells Fargo.

Chapter Coordinator/Operations Manual Revisions: Chapter Manager Taylor stated that the following changes needed to be made.

1. Change all references in the entire document from Chapter Committee to

Chapter Relations Committee.

2. Change all references to Chapter Manager to read Chapter Coordinator.
3. Section B.1 Delete the word Local after both instances of the word more.
4. Section C. Delete this section in its entirety as it is no longer valid.
5. Change Section Heading D Chapter Privileges to read C Chapter Privileges
6. Change section heading E to D
7. Change first section heading F to E.
8. Add following to section D chapter reporting "These reports may be made via the US Postal Service or via e-mail. For access to the reporting forms, go to the resources and click on it, from the pop-up menu choose Forms. (the forms are on the fourth row)

A motion was made by Director Ireland and seconded by Director Hemby to have the changes made as presented and to be publicized in the 10-10 News. Motion carried.

2011 Board Meeting:

A motion was made by Director Harmon seconded by Director Farrow to have the convention and Board Meeting in St. Louis, MO in 2011.

Director Harmon withdrew his motion until we are able to speak with President Gross by telephone later in the meeting.

Chat Room:

Director Sojka described suggestions made by members in the chat rooms. It was suggested that we have a committee for the internet. It was also suggested that we look into Video Conferencing.

Advertising:

Director Hemby gave his report on advertising. We are advertising in four publications with their cost shown below: QST \$173.40/month CQ \$135.00/month World Radio \$33.00/month Canadian Amateur He was not sure of the amount.. He contacted QRZ. They have a top banner ad for \$50.00 month. Has been working with Amateur Outfitters for a web site for 10-10 members to purchase different personalized items (shirts, hats, mugs) In return for him being listed as advertising, 10-10 would receive 15% back for all sales to 10-10 members quarterly.

Director Hemby made a motion seconded by Director Harmon to "Give Amateur Outfitters a trial with a link to the website and remittance of 15% back to 10-10 on profit from sales, with a trial period of one year, with proceeds to 10-10 quarterly. Motion carried..

DX Conditions and Concerns: Director Ireland received a message from a DX member, it was suggested by that member (name unknown) that we have a Director appointed or have a DX as an officer. This could also be done by special invitation to the Board meetings or submit a report to the Board. It was decided to table this issue till a later date.

President Gross had said that he will check into the matter of Henry DL8YBM, as follow up, on the use of his club calls.

A 5 minute break was taken at 3:00 PM with the meeting resuming at 3:05 pm.

At this time a conference call was made to President Gross to discuss some of the issues.

New Business

Convention: The convention would be July 19-24, 2011, with the Board meeting on Wednesday instead of the usual Thursday, giving three days of activities available, and the Sunday would only be a breakfast. If the board wants to change the dates to have the Board Meeting on Thursday, then the contract with the hotel will have to be renegotiated.

Succession Plan: The question was raised that Directors need to have dues paid up before the election. Also, an open item this year, with an action to be put in place at next years board meeting and put in the bylaws on "How do we elect Officers and Directors and if we need to specify their hands on experience within 10-10 not just by them being a 10-10 member for four years prior to an election for an office, and if we would want a succession plan for a volunteer to be able to move up to director, or director to move up to VP, Secretary to VP, and VP to President."

Presidents Award: President Gross presented the yearly President's Award for outstanding service to 10-10. This years recipient is Vice-President Larry Berger WA2SUH. Larry has been a ham radio operator since 1961 and a 10-10 member since 1969. He was Area Manager 2 from 1979 to 1997. He became a Director in 1998 and continued in that position until he was appointed to replace K7BOI, Mike Elliot in 2007 and was subsequently elected in 2008.

2011 Board Meeting

A motion was made by Director Kimble seconded by Director Taylor to move the Board meeting back to Thursday at the 2011 convention. Motion carried with Director Harmon opposed..

Then Director Sojka made a motion seconded by Director Hemby to announce that the 2011 convention in St. Louis, MO will be held during the week of July 18-24, with specific dates to be published when the contract is negotiated.. Motion carried.

Financial Report:

Treasurer Schlottman reported that 10-10 has had a positive change in assets since last year. Total current assets are \$66,598 with investments of \$410,000 and the total assets of \$476,598, most of which represents pre-payments of dues from life members and others. The budgets for 2010-2011 and 2011-2012 were reviewed. Director Hemby made a motion seconded by Director Taylor for \$1,000.00 to be added to the budget for pre-convention expenses. The motion was defeated.

Director Hemby made a motion seconded by Director Sojka to pay \$150 a month for expenses to new Data Manager Faria starting July 1, 2010. Motion carried.

Director Hemby made a motion seconded by Director Harmon to increase the amount paid to Treasurer Schlottman for expenses from \$150 a month to \$200 a month starting July 1, 2010. Motion carried. This amount has not been raised since 1994 and the Board felt that this is a wise investment.

Secretary Glenn made a motion seconded by Director Sojka to accept the budgets for the year 2010-2011 and 2011-2012 as presented in Treasurer Schlottman's report. Motion carried.

Mobile QSO Parties:

When discussion continued, Director Ireland seconded by Director Sojka moved that the revised rules be approved and that changes to the rules could be made at future Board meetings, if necessary. Motion carried.

Meeting adjourned at 5:00 pm.

Ten-Ten International Foundation Net, Inc. 2010 Board of Directors Meeting June 19, 2010 St Louis, Missouri

Vice-President Larry Berger WA2SUH, #407 called the 2010 10-10 Scholarship Foundation meeting to order at 5:02 pm at the Sheraton Westport Plaza Hotel in St. Louis, Missouri.

Roll was called by Vice-President Berger. Present were Secretary Sandy Glenn, W7SSG, #74633, Director Mel Sojka, KD5DE, #33513, Director Ken Harmon, K1IEQ, #31363, Director Jack Moore, K5CC, #50708, Director Brad Kimble, K0DBK, #55192, Director Robert Farrow, N6OPR, #45716, Director Rob Ireland, VE9KM, #69811, Director Cliff Taylor, K5FBS, #48461, Director Paul Hemby, WN4AMO, #73825 and Treasurer Keith Schlottman, KR7RK, #63324.

President Gerry Gross, WA6POZ, #21274 was unable to attend due to medical reasons, and General Counsel Dave Splitt, KE3VV, #69831 due to a prior commitment. A sufficient number of Officers and Directors were present and a quorum was established.

10-10 News Editor Paul Riedel, K10SR, #8861 was an invited guest

There were no additions, corrections or deletions to the Agenda.

Hearing no objections, the minutes of the 2009 10-10 International Scholarship Foundation, Inc. Board of Directors meeting held in Orlando, Florida on July 23, 2009, as published in the 10-10 International News, stand approved.

Scholarship Manager Larry Berger gave his report that the goal is to fund four \$1500 scholarships entirely through member donations. In 2009-2010 we had 112 donors and our donations are down from the previous year. During 2009-2010 we received two donations in the memory of Victor Kaiser, W1JWX, #497. He has been sending out thank you letters and special pins. For \$10 donation a donor gets one pin and for \$15 two pins. He handled 28 requests by applicants for a listing of 10-10 members in their area. He made the Board aware that over \$3800 of the \$6409 collected this year came from only four donors. The only expense that were incurred during the year was postage for around \$200. He suggested that for the future the Board consider special thank you's for large donations such as a plaque.

Director Kimble made a motion seconded by Director Sojka recommending that we fund four scholarships at \$1500 each for the next scholarship year. Motion carried.

The Board reviewed the 2010-2011 and 2011-2012 budgets. A motion was made by Director Kimble and seconded by Director Sojka to accept the budgets for the years 2010-2011 and 2011-2012. Motion carried with all in favor.

Vice President Berger adjourned the meeting at 5:10 pm.

Respectfully submitted, Sandy Glenn, W7SSG, Secretary

Ten-Ten International Net 2010 Scholarship Winners

Simrng Zhu, KJ4KTI

My name is Simeng Zhu. I was born in Hangzhou, China, and two years ago, my family went to live in Sarasota, Florida. Math and science has always been intriguing to me since I was little. I like reading and learning about them because they could explain to me how everything in the world works. In high school, math and physics became my favorite subjects. I particularly enjoyed solving difficult problems, for the fun of challenging myself with something I'm excited about. I qualified for the U.S. Olympiads in both math and physics.

Besides math and science, I also enjoyed everything technical, or practical. Therefore I surprisingly joined the Amateur Radio Club of my high school, although I had never even heard about it before. At the first meeting, when our sponsor, Mr. Hamlet, was explaining the basics of amateur radio to us,

I wondered "Why do people still use it when everyone has a cell phone?" As I learned more about amateur radio, I realized how naïve my question was. First of all, it feels so cool to operate on a radio (especially a large one) because everything is so technical. Also, it is more reliable compared to cell phones, especially during disasters. Moreover, amateur radio can get me in touch with people from every corner of the world. I hold the General license and have been active on FM, SSB and digital modes from 40 meters through UHF.

Other than amateur radio, my hobbies include jogging, playing guitar and video games. I just started my college life at Washington University in St. Louis last month and everything has been great so far. I'm really looking forward to the next four years! I hope to pursue a degree in Aerospace Engineering in hopes of working for NASA.

Robert Paul Hoops, W3EGL

Robert Paul Hoops, from Watsontown, PA, is currently entering his sophomore year and is studying Electrical Engineering at Rochester Institute of Technology. He is mainly interested in circuit design and fabrication, or "homebrewing" as we in the Amateur world call it. His choice of major was heavily influenced by his involvement with ham radio.

Paul's main interest in amateur radio is public service and he has been active in ARES/RACES. He has worked with other amateurs to provide communications for events ranging from nine mile runs to hundred mile bike hikes. He has also participated in numerous emergency preparedness drills. He is the youngest officially registered emergency responder in three separate counties. While he has spent a large amount of time training for disaster situations, luckily he has never had to set up a field station for a real emergency.

Ryan Tucker, N0PBS

Ryan Tucker, N0PBS, is a third-year Electrical Engineering Technology student at the Rochester Institute of Technology in Rochester, New York. Born and raised in central Iowa, he has enjoyed a love of technology and radio since his early childhood. He earned his Technician-class license in 1991 while juggling the rigorous schedule of an elementary school student and BBS sysop, and has been somehow involved in telecommunications ever since. In 1999, he moved to Rochester, where he worked as a network engineer for a local ISP, which grew into a regional VoIP powerhouse during his tenure. In 2008, he resigned his position to become a full time student at Monroe Community College, graduating in May with an Associate of Applied Science degree and a 4.0 GPA. He holds an Amateur Extra class license and is active on APRS most days. Other operating activities include experimenting with homebrew QRP PSK31 equipment, and participating in stage rally events as a mobile radio operator, simultaneously calling out navigational instructions and monitoring three busy VHF nets at ludicrous speeds on dirt roads. He lives with his wife, Dawn VA3RWD/KC2VJU, and two cantankerous orange cats, Brat and Punk.

Ten-Ten International Net 2010 Scholarship Winners

Frederick Meyer, KG6ECE

Frederick Meyer (his friends call him Freddie) from Soquel, CA is a 19 year old sophomore at the University of California, Berkeley majoring in Electrical Engineering/Computer Science (EECS). He resides on campus in a university dormitory. UC Berkeley's award winning EECS program is ranked 2nd in the nation while UC Berkeley itself is ranked the #1 public university in the world. Electrical Engineering is an exceptionally broad field and offers many specialties. Freddie plans to focus on analog and digital circuits/systems as a junior/senior. While at Berkeley, he has participated in two team/marathon technical competitions and received a 3rd place in the Yahoo Hack-U 2009. His small team designed a Web 2.0 client/server application in less than 24 hours that is still in use today. Freddie is working to become a research assistant at UC Berkeley next year to balance his academic requirements. Freddie credits Amateur Radio for his science passion. His mother, father and sister are also hams. He received his General Class license with code before his 10th birthday. Since then he has

had a lot of fun with ham radio contests and electronics construction. Science projects about filters (active & passive) and noise canceling circuits won him three category awards at the California State Science Fair including a 1st place in 2005 when he was in 8th grade. While at Soquel High School Freddie was a varsity athlete in golf, swimming and water polo, and is also a snow skier, mountain biker and ocean lifeguard. Freddie is an entrepreneur at heart and hopes to start his own company someday.

10-10-10 SPRINT

On 10 October of every year, Ten-Ten holds a QSO Party to bring together the date (10-10) and the name by which the organization is generally known (10-10). This year is special in that it will be 10-10-10 which will not occur again for 100 years. To recognize this once in a lifetime occasion Ten-Ten will issue special certificates for members working any of the five categories listed below. A certificate will be given for each category.

1. Work one member with 1010 in their number (e.g. 71010).
2. Work ten members with 10 in their number (e.g. 109).
3. Work members in all 10 US call areas. A DX member can be substituted for one US call area if necessary.
4. Work 10 Volunteers from the 70 or so listed on the 10-10 Website and in The Ten-Ten News.
5. Work members from 10 different DX entities using the ARRL countries list.

Working for the certificates is a separate action from the regular Sprint held on 10 October thus scoring for the Sprint will not be affected by working towards the certificates. As usual, Sprint logs will be sent to Dan, KZ3T. Additionally, those qualifying for one or more certificates should send separate logs to Dan.

All members are encouraged to get on the air on 10 October which will be on a Sunday. For those of you having a 10 or 1010 in your number please make a special effort to be on the air. Questions about this event should contact K5CC at k5cc@gvtc.com.

10-10 SCHOLARSHIP FOUNDATION SUPPORTERS

We encourage all of our members to support the 10-10 International Net Scholarship Foundation. Our goal for the 2009-2011 year is to fund four \$1500.00 scholarships entirely through member donations outside the dues structure. The Foundation was created in 2001 and is a qualified 501(c)(3) tax exempt organization and contributions are tax deductible. If you have an employer matching program, please let us know. Why not consider a donation as a Chapter or an individual in memory of a fellow ham or loved one? This quarter several people donated in the memory of my father Abraham Berger, W2BLH, #33333. In addition to myself, they were: Matthew Berger, K2MSB, #60606; Michael Berger, KC2YPO; Robert Berger, WA2EJO, #27605; and Andy Kirschenbaum, WA2CDL, #3087.

If you haven't donated before, we want you to know that **all** donations, no matter how small, are appreciated and they do add up. At the time you make a donation to your favorite charity, why not write a check to the 10-10 Scholarship Foundation? If you make a donation of \$10.00 or more you will receive a special 10-10 pin for 2010. For a \$15.00 donation, you can also have your choice of the 2007, 2008 or 2009 pin, while supplies last. Please indicate your preference when you donate.

The members listed below became 10-10 Scholarship Foundation Supporters during the months of June, July and August, and we appreciate their support.

Merrick, NY 11566-3119

10-10 Scholarship Applicant Information

Each year the 10-10 International Net, through our non-profit corporation, the 10-10 Scholarship Foundation, funds four \$1,500.00 scholarships, which are administered on our behalf by the Foundation for Amateur Radio.

Dave Prestle, W8AJR, Chairman of FAR's Scholarship Committee, announced the four most recent winners of the 10-10 Scholarships. The photo and biographies of this year's winners appear in this issue. Over the past 23 years, 10-10 has funded 83 scholarship valued at \$485,000.00

Applicants must be licensed radio amateurs. There is no restriction on the course of study, but applicants must intend to seek at least an Associate Degree from a college or university. Non U.S. Amateurs and those seeking graduate degrees are also eligible. Foreign members please note that students who study outside the United States are also eligible to receive a 10-10 Scholarship.

It is suggested that every 10-10 member encourage qualified college-bound radio operators to take advantage of this opportunity. Request an application from:

Foundation for Amateur Radio
P.O. Box 831
Riverdale, MD 20738

Applications can also be downloaded from FAR's website:
<http://www.amateurradio-far.org/>

Applicants, except those who are active 10-10 members, must provide a recommendation from a 10-10 member. Completed applications must be received by FAR prior to March 31st of each year.

TEN-TEN AWARDS

To apply for any 10-10 Award, paid-up membership is mandatory. You are not required to send in proof as the Awards Manager has the current membership database. All contacts made for any award must be legal 10-10 contacts (a full exchange of Call, Name, QTH and 10-10 number from BOTH members). An application listing the rules for each award is available from the appropriate Awards Manager listed at the end of the award listings. Please send your request with a #10 (business size) envelope, self addressed and stamped with one unit of first class postage (or enclose one IRC for GB Award), to the Award Manager for the Award you are interested in obtaining. Please no phone calls to Award Managers for an application or list of rules. Contact requirements and rules for all Awards are available on the 10-10 website - www.ten-ten.org

Listen And If You Can Hear Us Join IN!!!**

TEN-TEN INTERNATIONAL AT THE SHELBY HAMFEST

W6OI #109 ON THE AIR

The 10-10 Club station, W6OI, is available to any current (dues paid) member or chapter for use as a special event station such as Field Day, Chapter gatherings, and radio conventions. QSL cards are available for special events. Send a written application and a copy of your amateur license to include dates and purpose of operation to:

JACK MOORE K5CC
W6OI LICENSE TRUSTEE
371 RIDGE CREEK LN
BULVERDE TX 78163

W6OI was on the air for the Summer Phone QSO Party on August 7, 8 2010. Louise, N6ELK operates W6OI on the 10-10 daily Nets which meet at 1800Z on 28.380 and 28.800. Please send SASE when requesting a QSL via:

LOUISE CHAPMAN, N6ELK
3210 CLARK AVE.
LONG BEACH CA 90808

Paperchasers working W6OI can request the list from K5CC. W6OI has FISTS, SKCC, 070 and GERATOL numbers. Contact Brad, K0DBK to arrange a schedule to obtain the FISTS and SKCC numbers. Contact K5CC to obtain the GERATOL and 070 numbers.

W6OI AND VE9TEN SPECIAL EVENT

The 7th annual W6OI and VE9TEN (official 10-10 club stations) Special Event will be held starting at 0001Z on 27 November and ending at 2400Z on 28 November 2010.

The Special Event has designated 10-10 members in all US call areas and Canada operating W6OI and VE9TEN. The purpose of the Special Event is to have fun, keep ten meters active, and to advertise 10-10.

Special Event QSO cards are available for each call area worked and a free certificate will be given to operators that work all US call areas. Stations working VE9TEN can count it as a wild card US call area if needed to qualify for the certificate.

Members desiring to operate W6OI in the Special Event should contact Cliff, K5FBS (k5fbs@yahoo.com) for call areas 1 thru 5 and Ray, N5DAS (rdobson@satx.rr.com) for call areas 6 thru 0. Members in Canada should contact Rob, VE9KM (rireland@mta.ca) for permission to operate VE9TEN.

TEN-TEN QSO PARTY RULES

6.2 10-10 QSO PARTIES

10-10 QSO Parties are events that are held for fun and to meet old, new and prospective members around the world. The rules listed here are for all general QSO parties. The Anniversary, Meet the Volunteers, and Mobile QSO Parties are specialty events and do have additional rules.

6.2.1 WHO IS ELIGIBLE?

QSO Parties are open to all amateurs with operating privileges on the 10 meter band, however, logs will be accepted only from active members as of the date of the event with the following exception: Open Season event logs will be accepted from all amateurs. Other logs received will be handled as checklogs. Checklogs are used to validate (check) other logs but do not receive awards.

6.2.2 WHEN ARE THE QSO PARTIES?

There are currently nine QSO Parties held throughout the calendar year:

Winter Phone - held on the first full weekend in February
0001 UTC Saturday through 2359 UTC Sunday.

Spring Digital - held on the last full weekend in April.
0001 UTC Saturday through 2359 UTC Sunday.

Spring CW - held on the first full weekend in May.
0001 UTC Saturday through 2359 UTC Sunday.

Open Season (PSK) - held on the first full weekend in June
0001 UTC Saturday through 2359 UTC Sunday.

Sprint of 76 - 7 day, 6 mode event centering around 4 July
each year

Summer Phone - held on the first full weekend in August.
0001 UTC Saturday through 2359 UTC Sunday.

Sprint - a 24 hour event held on October 10th (10-10).
0001 UTC through 2359 UTC.

Fall CW - held on the 3rd full weekend in October.
0001 UTC Saturday through 2359 UTC Sunday.

Fall Digital - held on the last full weekend in October.
0001 UTC Saturday through 2359 UTC Sunday.

6.2.3 FREQUENCY AND MODES

Direct unassisted contacts only are permitted. Repeater, Satellite, IRPL or any other similar types of assisted contacts are NOT allowed. Based on the appropriate band plan for the country of operator, CW QSO Parties should be operated in the CW area of the 10 meter band and operated using CW only. Digital QSO Parties should be operated in the digital area of the 10 meter band and operated using Digital modes only (RTTY, PSK, etc). Phone QSO Parties must be operated in the PHONE area of the 10 meter band and may be operated using any approved method (SSB, FM, AM).

The SPRINT utilizes all operating modes in the 10 meter band.

NOTE: A QUIET ZONE between 28.490 and 28.510 shall be in effect during QSO Parties using the Phone portion of the 10 meter band to allow for others to use the band.

6.2.4 ENTRY CLASSIFICATION

Entrant may submit a log in ANY of the following classifications:

INDIVIDUAL: Includes single station operators and can also include OM/XYL teams or any families or groups of people using individual call signs and 10-10 numbers.

QRP: same as an individual as listed above except that output power does not exceed 5 watts with CW/Digital operations and/or 10 watts with Phone operations during the entire event.

CLUB: A Club must have a valid club station license issued by their National Licensing Authority and must have active 10-10 membership. Club entries must list the call, name, and 10-10 number (if any) for all operators using the club call. Club operations will take place at one location using one set of equipment.

6.2.5 TRANSMITTER INFORMATION

An operator may operate mobile, portable or fixed. If they change their exchange QTH during the QSO Party, the operator must show same in their log. The operator may enter a log from one call district, province, or DX country. Multi-transmitters (two or more transmitters operating simultaneously, sharing one call sign) are NOT permitted in any QSO Party. If a single transmitter becomes inoperable, it is permissible to change to a replacement transmitter.

6.2.6 EXCHANGE

10-10 members send call sign, name, 10-10 # and QTH (State, Province or Country). If received exchange does not have a 10-10#, then record a zero(0) in the log.

6.2.7 QSO POINTS

Two (2) points are awarded for contacts WITH a 10-10 number. One (1) point is awarded for contacts WITHOUT a 10-10 number. Duplicate entries should be retained in log and show a zero (0) for points. Any log showing 10% or more errors may be handled as a checklog. A station may be counted only once regardless of mode.

6.2.8 CHAPTER SCORE ASSIGNMENT

Any entrant who is a chapter member and whose operating location is within 150 miles of the primary net location of that charter, may assign the entrant's score to that chapter. QSO Party scores for the Sprint may not be assigned.

6.2.9 QSO PARTY ENTRIES

Logs shall be forwarded to the QSO Party Manager as identified in the 10-10 NEWS or on the 10-10 web site. It is strongly suggested that logs be sent as soon as possible after the close of the event. It is also recommended that DX logs should be sent AIR Mail to insure they are received in good time. Any logs received with a postmark date AFTER the deadline date will be handled as a checklog. Any logs received more than 15 days after the entry deadline, regardless of postmark, will be discarded. All logs may be sent via Email. Please no .Q95 or .adif files.

6.2.9.1 ENTRY DESCRIPTION

Entries must contain a Cover Sheet, Log and Dupe Sheet as described here:

COVER SHEET will list the Event Entered, Entry Classification, US Call Area (W0-W9

or DX Country), Chapter Score Assignment (if any), number of contacts and points with 10-10#, number of contacts and points without 10-10#, and total contacts and points claimed. LOGS must be listed in date/time order and list UTC Date, UTC Time, Call, Name, 10-10# (zero (0) if none), QTH and Contact Point Value.

ADUPE SHEET is required for any logs exceeding 50 contacts. It may be either a list of all calls contacted in call sign order or hand entered on a dupe sheet grid.

6.2.9.3 ENTRY DEADLINES

Entries for all QSO Parties listed EXCEPT the Sprint shall be postmarked no later than 15 calendar days (this will always be a Monday) after the close of the event. Mailed entries for the Sprint (held on 10/10) shall be postmarked no later than October 25th, unless that day falls on a Sunday, than the postmark deadline shall be October 26th.

6.2.10 QSO PARTY RESULTS AND AWARDS

QSO Party results will be posted on the 10-10 web site about 15 days after the closing deadline for the event and also printed in the 10-10 NEWS in the appropriate issue.

Awards will be issued by the certificate manager for Top Ten Individual scorers in the World, the top Individual scorer in each US Call Area (W0-W9), each DX Country, and for top QRP, CLUB and CHAPTER. Electronic certificates will be sent to the 2nd and 3rd place scorers in these categories.

6.2.11 ANNIVERSARY QSO PARTY and MEET THE VOLUNTEERS

These events run from January 1 0001 UTC to December 31 2359 UTC.

In the Anniversary QSO Party, entrants may submit a log of contacts with members that have 10-10# anniversary year contained in their membership number.

Example: 2010 is the 48th anniversary year of 10-10 International Net, Inc. Contact with members containing a "48" in their membership number (i.e., 72048, 69485, 64854, 48126, 00487) would count toward the event. Each year the anniversary number changes, making a new group of members the focus of the event and promoting the use of the 10-meter band. All general rules are applicable with the following exceptions:

During the calendar year (January 1 through December 31) make legal 10-10 contacts with 10-10 Number, Date, Call Sign, QTH with members containing the anniversary year in their membership number as described above.

In the MEET THE VOLUNTEERS event, entrants may submit a log of contacts with members listed in the 10-10 NEWS as being a 10-10 volunteer. One contact per volunteer is permitted, regardless of mode of contact.

In both events, contacts must be made on the 10-meter band with any legal mode (AM, SSB, FM, PSK, CW, etc.).

All submitted logs must contain only one entry for each 10-10 number contacted. Contacts MUST be listed in 10-10 number order and each entry must list the 10-10 Number, Date, Call Sign, Name, QTH and Mode, in that order.

These events are for Individual entries as described in section 6.2.4 and certificates will be awarded for the TOP Ten, however all entrants will be listed in the 10-10 NEWS. Logs MUST be postmarked no later than January 15th of the year following both the Anniversary and Meet the Volunteers QSO Parties. Only members in good standing (with dues paid) are allowed to submit logs.

6.2.12 MOBILE QSO PARTY

This event is held on the third Saturday in March from 0001 to 2359 UTC. All general rules are applicable with the following exceptions:

This is a mobile QSO Party, therefore only mobile stations will submit logs, however, fixed stations are encouraged to participate to help give out points and collect counties. Mobile applies to car, truck, RV, motorcycle, boat, airplane or other mode of transportation. If in doubt, contact the QSO Party Manager. A station operating a mobile entry must be a true mobile. Sitting in the driveway and using the base station antenna or amplifier, or using commercial power is not permitted. RV generators are permitted only if the generator is used while in transit (moving).

Operation while your vehicle is parked across a county line, occupying two counties, counts as two counties and two contacts. Marine and aeronautical mobiles must be able to establish counties of operation. Safety is paramount while operating mobile. If you are unable to park near multiple county lines due to safety issues (i.e. on a bridge, on a freeway, etc.), please move to the closest area which would provide the best operating conditions and still be able to give out multiple counties.

The on-the-air exchange shall be Call, Name, QTH, 10-10 Number (if available) and County. Scoring will be the same as other 10-10 QSO Parties. 2 points awarded for contacts with a 10-10# and 1 point awarded for contacts without a 10-10#. Duplicate entries are allowed when working in multiple counties. (i.e. if K4HAV is a on 3 county line and he works K4JPC, That would count as 3 contacts, one for each County).

Logs must be in date/time order and list Date, UTC time, County worked from (If applicable), Call, Name, 10-10# (zero 0 if none), County Worked, QTH and Contact Point Value. Fixed stations may submit logs as check logs only.

Logs MUST be postmarked no later than 14 days after the end of the event. Only members in good standing (with dues paid) are eligible for awards.

6.2.13 SPIRIT OF 76 (7 Days, 6 Modes) QSO PARTY

This event will run for 7 days and be around July 4th of each year. Make as many contacts as you can during the week using 6 modes. The modes that will be used are as follows as well as the **suggested** frequencies to monitor:

1. USB (28.345) 2. RTTY (28.086) 3. CW (28.050)
4. FM (29.600) 5. PSK (28.120) 6. AM (29.000)

Scoring will be as normal for QSO Parties, 2 points for members and 1 point for non-members. Dupes will be allowed once for each mode. It will be possible to work the same call 6 times in each of the various modes for a maximum total of 12 points per call. All other normal rules apply. Logs shall be forwarded to the QSO Party Manager.

6.2.14 FOR MORE INFORMATION

Current information about 10-10 and upcoming 10-10 QSO Parties is always available on the 10-10 web site. Cover sheets, logging forms and dupe sheets are also available for downloading or printing. The address is <http://www.ten-ten.org>. Any unanswered questions regarding the QSO Party rules may be forwarded to the QSO Party Manager.

MEMBERSHIP INFORMATION AND SERVICES

WOULD YOU LIKE TO JOIN 10-10?

Here is what you need:

1. You must hold a valid amateur operator license.
2. Your valid amateur operator license MUST authorize or qualify you for unsupervised transmitting operations in the ten meter amateur band under your own personal call sign.
3. You must make contact with ten members of 10-10 on ten meters and submit a log listing all contacts, their 10-10 number, call sign, name, date of contact, and QTH (state/province/country). A new member application and contact log is available in Section 1 below.
4. You must remit dues for one or more years full membership. Fee schedule and payment information can be found in Section 2 below.

TYPES OF MEMBERSHIPS

Primary Membership

Primary membership is available with yearly dues, although there is a special incentive available when you pay for three years at once.

Family Membership

Family membership consists of a primary member and one or more family members who qualify as a 10-10 member (has made the necessary 10 contacts) and who reside at the same location and postal address. Family memberships run concurrently with that of the primary member. Add \$5.00 for each additional family member for each year. Only the primary member will receive a copy of the 10-10 News.

Life Membership

Life membership is available and may be paid in one lump sum or spread across two or three years. For information refer to the "Life Membership Application" form on the web or contact the 10-10 Data Manager.

Senior Life Membership

Senior life membership is available to anyone who is currently 65 years of age or older. Payment can be made as one lump sum or within a one year period. For information refer to the "Life Membership Application" form on the web or contact the 10-10 Data Manager.

Family Life Membership is no longer available

Club Membership

Club Membership is available to any Amateur Radio Organization which holds a valid Amateur Radio License. Application must be made by the club trustee. No Family or Life Memberships are available. Membership is available with or without the 10-10 NEWS.

MEMBERSHIP RENEWALS

Fill out fee schedule and method of payment in Section 2 below and forward as indicated to Data Manager. Please make sure you include a copy of your address label with form. If you do not have a copy of your address label (renewing after your membership has lapsed), please include a note with your name, current mailing address, call sign and 10-10 number.

DATA MANAGER SERVICES

Call/Name/Address Changes

All changes are to be sent to the 10-10 Data Manager. Please include your address label (or a copy) with necessary corrections.

10-10 Information Brochure

The 10-10 Information Brochure is 10 pages of everything you would want to know about 10-10. It can be downloaded from the 10-10 web or is available from the Data Manager for \$2.50.

WinIQ

WinIQ is a Windows based program that is updated monthly and is a cross reference between the call and 10-10 number. It can be found on the 10-10 web.

XXIP

XXIP is a DOS based program that is updated monthly and is a roster of 10-10 membership through 10-10 #75001. It is available free at www.ten-ten.org/xxip.

AN-TEN-TEN-NAS

AN-TEN-TEN-NAS is a book by L. B. Cebik containing 30 articles and designs for 10 meter antennas from the pages of the 10-10 NEWS. The price has been drastically reduced to \$5.00 USD or free if you renew for 3 years. You must also include the additional \$5.00 US or \$8.00 DX for shipping.

ALL THE NEWS ON CD-ROM

Every published issue of the 10-10 NEWS on one CD. \$20.00
All profits from the sale of AN-TEN-TEN-NAS and the 10-10 NEWS on CD-ROM go to the 10-10 Scholarship Foundation.

Payment may be made by Check, Money Order or IRC's (\$1.00 USD per IRC). VISA and Mastercard are acceptable. Please provide Card Number, Expiration Date, Name on Card, Phone Number and signature of Cardholder.

Mail to:

Data Manager, 10-10 International Net, Inc.
2490 Black Rock Tpke 329
Fairfield, CT 06825-2400
203-895-3600

SCHOLARSHIP DONATIONS

Donations to the 10-10 Scholarship Foundation are encouraged to help fund the four \$1500.00 10-10 Scholarships. Your check should be made payable to the 10-10 Scholarship Foundation and sent to:

10-10 International Net Scholarship Manager
Larry Berger, WA2SUH
9 Nancy Boulevard
Merrick, NY 11566-3119
