The 10-10 International News is published four times each year by the 10-10 International Net, Inc. All currently paid up members receive a copy automatically.

Editorial Office is at 445 Magnolia St., Denver, Colorado 80220 (303) 333-3547

Chapter Activity Reports (quarterly) should be sent to the 10-10 Co-Ordinator: Connie Hauck, 794 W. 23rd St., Upland, California 91786 (714) 985-4836

All 10-10 news items and photos should be sent to the Editor. Next 10-10 News is the Winter Edition due out in Jan '81, with a DEADLINE of Dec 15th, 1980.

The 10-10 International News is an independent publication and is not affiliated with any other organization. Permission is automatically granted to reprint from this publication provided a credit line is used with the reprint.

REMEMBER !

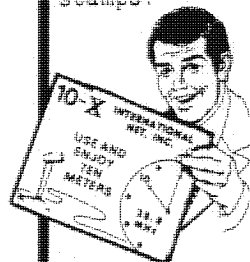

ATTENTION

IN ORDER TO FACILITATE THE PROCESSING OF RENEWALS OR OTHER ORDERS, MEMBERS WHOSE ADDRESSES INCLUDE U.S. ZIPCODES SHOULD SEND THESE TO THE MANAGER FOR THE CALL SIGN DISTRICT INDICATED BY THE NUMBER IN THE MEMBER'S OWN CALL.

Did You Know?

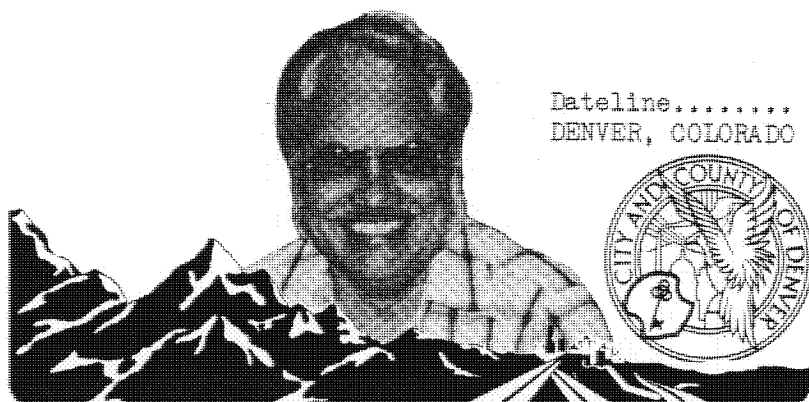

we had stamps?

Help promote 10-X by using these stamps on all your radio amateur correspondence.

DENVER, COLORADO

Charles F. (Chuck) Albrecht Jr.
WAØYNQ #8105 VP-230
Editor, Ten-Ten International

I have nice news and sad news this Quarter; First the nice news. Our cover person this edition is BOBBIE VAUGHN - WB7NUU (#17416) of Phoenix, Arizona. She is the current Regional Manager for the Seventh Call District. Her smiling voice beams forth from the Grand Canyon State most every day as she continues to be very active the 10-10 Chapter of the same name. Vaya Con Dios, Bobbie, keep up the good work.

Now the sad news; It is always a sad duty to report the passing of amateurs. In Silent Keys (QST Aug '80) I spotted the name and call of Charles Atwater - W2JN. In the Spring '78 Edition of the 10-10 Quarterly News we featured W2JN as one of the 10 meter pioneers who first used the new band when it was opened for amateur use in 1928. Charlie was the first American Amateur to make a transatlantic contact with Europe (EF8CT). For this feat he was written up on the national newspapers. (see page-22) I still have some copies of a reprint of the above mentioned Spring '78 Newsletter and anyone wishing a copy should send me SASE (9x12 envelope with .41¢ postage) to: 445 Magnolia Street, Denver, Colorado 80220. The post-age quoted is, of course, for Continental US mailings only.

The photograph on page-32 of the All American City Chapter shows the fantastic 10-10 Award Collection of Jim Beswick - W4YHF (OH North Ga. Chapter) who is the Editor-Publisher of the Ten-Ten Certificate Guide. For Jim to continue to put out an up to date Guide he needs the full co-operation of all chapter heads and certificate managers. Please send Jim any and all changes, additions and deletions in your chapter's certificate programs.

It is great fun to have 10-10 members drop by when passing through Denver, Colorado. Some of these amateurs have been from DX Countries such as Lance-VK2CAJ, Alex-VK5MQ and Bernie-VK2NUU. Last Summer Bud - 9V1OI and his XYL, Jan, paid a visit and photos are on page-16. As I write this editorial (Sept 13, 1980) I have just bid farewell to Bill - VK3NPS and his XYL, Francis, who stopped by on their vacation trip through the USA. By the time they arrive back home in Melbourne (Oct '80) they will have seen much of the US. Starting in Jul '80 they have paid visits to 10-10'ers in Calif, Ariz, NMex, Texas, Ill, VE2-land and Colo. They departed Denver for Northern Idaho, Ore and back to Calif. They went sightseeing to Penn, NY, Mass, Vt and ever so many other places. They even plan to stop at Las Vegas to drop a few shillings. Bill promised me that he would compile an article relating his trip to the 10-10'ers along the way and send it to me along with photos and I will feature this in the Winter Edition of the 10-10 International News due out in January 1981. Bill-VK3NPS is the Chapter Head of the City of Melbourne Chapter.

I am updating my roster on all active 10-10 Chapters and for that reason I ask that all 10-10 Chapter Heads please send a postcard giving me your current address and phone number. And, as long as I am on the subject of current addresses...I will also remind all 10-10 members that whenever you move or change your callsign please send this information to your Regional Manager for the call district of your callsign. A list of these Regional Managers can be found on page 31 of any 10-10 Quarterly News.

As soon as I finish putting this newsletter together my XYL (Zoe) and I will depart on our vacation trip to Northwestern Montana to return for work October 1st. So thats the way it is this Autumn of 1980 on 10-10. See you next issue and on 10 meters. 73 - Chuck

Words from the President

HOWARD BOWMAN
W6QIR #4509

GIVE 'EM THE BAD NEWS FIRST

During this high- and low-level political year, the air is full of predictions and promises. As I reported on these pages in the summer 10-10 News, the Annual Meeting of 10-10 members will be held on November 2, 1980, and its first order of business will be the election of officers for the two-year period beginning on January 1, 1981. I also indicated that amendments to the By-laws would be considered at that time, and asked that any of you who wish to propose any send such proposals to me, so that they might be considered, and possibly included. I have received none. However, I do expect to have some of my own, and therein lie my predictions and promises.

Regardless of who the officers may be for the next term, there are certain facts that must be faced, and those facts have mainly to do with the ever-rising costs of operation. As I have mentioned before, 10-10's two chief items of expense are printing and postage, with the costs involved in our mailing services running very close behind these two. Elsewhere in this issue, you will find a "Statement of Revenue and Expense," which was prepared from data supplied by Treasurer Joe Plumb.

If you look at the last line on that statement, you will see the figure that causes me most concern. For the 1979 - 1980 fiscal year, ending March 31, 1980, 10-10 took in just \$878 more than we spent. That amount is so marginal, especially when you consider that it costs 10-10 something over \$5,000 to get out each issue of the News, that it just plain scares me!

All of that leads me now to my prediction and my promise. The prediction is this: unless we take steps to increase 10-10's income, and, if possible, decrease the expenses, we'll simply have to omit an issue of the 10-10 News during 1981 or 1982. The promise is this: I shall ask the Annual Meeting for an increase in the annual dues.

A change in the amount of the annual dues involves a change in 10-10's By-laws. Article IV, Section B specifies the present \$3 amount, and is the one I shall ask to have changed. Although I have queried 10-10 Managers throughout the country on this matter, and have also submitted the problem to the Board of Directors, opinion as to the amount of increase is divided, with some believing that an increase to \$4 will be sufficient, while others think we should go to \$5. I have come to no conclusion on the matter, nor can I predict what the members will do in the meeting.

FOREIGN MEMBERS

A matter closely allied to the whole matter of our dues structure is that of the dues to be required of foreign members. We have about 1250 foreign members, as I indicated on these pages in our last issue. That means the mailing, in a year's time, of 5000 copies of the 10-10 News. It costs 40¢ to mail each copy, surface rates, an annual expenditure of \$2000. To send the 5000 copies to members with U. S. addresses would cost \$420. If we put it on a per member basis, it costs 10-10 \$1.60 per year to mail the four copies of the News to foreign members, and just under 34¢ to mail them to domestic members. Since virtually all other 10-10 costs remain essentially the same, regardless of the member's place of residence, it is apparent that it costs 10-10 about \$1.25 more per year to serve a foreign member than one located in the U. S.

The problem is not unique to 10-10. If you examine the subscription costs to other ham magazines, you find that all have differential price structures. The size varies from magazine to magazine.

There is here again an ambivalence about the question of whether 10-10 should increase its dues for foreign members. Some feel strongly that U. S. members should continue to subsidize foreign members; others feel just as strongly that foreign members should, and would wish, to pay their own way. Again, I propose to submit to the Annual Meeting a recommendation that dues for foreign members be increased by \$1 over those paid by U. S. members. How this will be received, or what action will be taken, I cannot predict.

OVERSEAS AIRMAIL

There is another area in which 10-10 is taking a financial beating. Although the actual dollar numbers are not great now, they continue to increase and may present a serious problem in the future. That is the matter of airmailing the 10-10 News to members in other countries.

For some time, the Order Form which appears in each issue of the News has contained an offer to airmail the News to DX members for an additional annual fee of \$2.50. The "AO Mail" air rate is variable, depending on both distance and weight. The weight classification for the News is in the 2 - 4 ounce range. The closest members to which such mailing may go (Canada is excluded) require 76¢ postage, or \$3.04 per year, and those at the greatest distance require \$1.28 per issue, or \$5.12 per year.

Recently Roy Ackerman, W6DFM, who does such mailing, was ill, and I did this air-mail for about 45 members, most of whom seemed to be at distances requiring more than the minimum rate. The average postage for those I mailed was around \$1.10, which, projected to an annual rate, becomes \$4.40, or a loss of \$1.90 per member. As I said back on the first lines of this section, the actual dollar loss is not great, and will not break 10-10. However, it is not a loss we can permit to grow.

I know of no easy, fool-proof solution to this problem, short of withdrawing the air rate entirely, and would certainly welcome suggestions on the matter.

ILLNESSES AND REPLACEMENTS

I mentioned above that Roy Ackerman had been ill. Roy handles supplies for managers and officers, and does the foreign mailing. He had sent out most of the supplies before he gave up and went to the hospital, and the foreign mailing we had done elsewhere. Roy also handles the 10-10 International net on Friday, and volunteers carried that work on. Roy is home now, recovering, and back on the air.

Dick Rauscher, W6ANK, who is 6th District Manager and NCS for the net on Monday and Wednesday, as well as doing many other things, also had a session in the hospital, came home on August 1, and is back on the air for the Monday net. We persuaded Dick to let someone else take it permanently on Wednesday, and the new man is Bob Holmes, WA6NOP.

Both Roy and Dick have been doing 'iron man' acts, and the fact that both have had such heavy loads points up the need for more hands, especially here in the Los Angeles metropolitan area. If any members around here who don't attend the quarterly meetings, where they would hear me ask for volunteers, read this and would like to contribute some time and energy to 10-10, my telephone number is (213) 645-7205.

I have spent most of the foregoing two pages telling you why it seems likely we will have to increase 10-10's annual dues, as well as some other charges. There is one area in which I think we ask for money, but cannot demonstrate that the fee is there because of a need, and that is the \$1.00 reinstatement fee.

There is good reason for a \$1.00 registration fee. It represents the cost of entering all the information about the new member into the computer record, and otherwise making sure that he (or she) is a member in good standing. If, thereafter, that member changes call sign or address, the alteration is made at no charge. However, if he dares let his membership lapse by more than three months, we charge him an extra buck to renew, even though the cost to 10-10 is no greater than if he had renewed at the proper time.

I do not know the origin of this fee. I suspect it may have originated with the experiences of founding members with certain social or fraternal organizations; I know of no other amateur radio organization that has such a fee.

In any case, whatever the source of the fee, it seems to me to be unnecessary, and may even discourage members who have had a slight lapse in membership continuity from renewing. I shall ask for the deletion of this fee. Again, I have no idea whether my suggestion will be accepted, although, as always, (well, most of the time, anyhow) I am right!

73,

Howard

SUMMER

QUARTERLY
MEETING

by: Jo Moise - K6AYU
10-10 Recording Secretary

ALWAYS YAKKING! UNNECESSARILY

K6AYU

JO MOÏSE
17904 Gard Ave.
Artesia, CA 90701

On July 13, 1980 the Summer Meeting of the 10-10 International was held at Woody and Eddie's in San Marino. Many thanks to Norm-W6IRT and Gerry-WA6POZ for an exceptionally nice location and excellent buffet.

The meeting was called to order by our President, W6QIR-Howard. A moment of silent prayer was observed followed by the Pledge of Allegiance. The Secretary's report was corrected and approved.

Treasurer Joe plumb, W6CQN gave his report.

Awards Manager Bill Risher, WB6OMH reports since he and his Mary have taken over the 10-10 Bars, they have issued 3,000 and reminds us to only mail one bar application for Stateside, two for DX.

K6EXQ-Connie, Chapter Co-ordinator gave a report and says the chapters are responding with great enthusiasm. Congratulations, Connie, on a nice, newsy Chapter Chatter column.

W6DFM-Roy, our Supply Manager brought the newly printed 10-10 News to the meeting and reports he and his Eleanor would soon be getting the others in the mail.

Vice-President Norm-W6IRT reports his beacon on 28.888 has received close to 4,000 pieces of mail and close to 7,000 reports. For those who missed the report form in the Summer Issue of the 10-10 News, Norm suggests sending him a SASE 8 1/2" envelope.

W6QIR-Howard gave a report on the upcoming ARRL Convention Sept. 5, 6, and 7th in Los Angeles. A unanimous decision was made not to have a 10-10 breakfast so as not to detract from the QCWA breakfast. 10-10 will share a booth with QCWA- thanks to Burt, W6CL. N6BCY-Rosemarie gave a report of YL activities for the convention. K6AYU-Jo will take a list of volunteers to man the booth for 10-10 at the convention.

Harry Syring-WB1FTQ and Don Grantham- WA6BCN/9 have both proposed a DX Award. They will work together on a proposal to be considered by the Board of Directors.

The President discussed the possibility of a dues increase to be considered at the Fall Meeting. Reasons given were the increased production costs for the 10-10 News, and the likelihood of a postal rate increase. Also discussed was the possibility of higher dues for DX members because of high overseas postage rates.

W6QIR-Howard is still looking for volunteer people to fill any and all positions on Committees.

WB6SYJ-George reports he must relinquish his position on the Rules and Ethics Committee for 6-land because of his 12 hour work days. W8URK-Chuck Elliott is the head of this committee. AA6K-Jim has volunteered to fill this position.

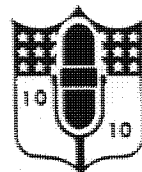

We are reminded that the Fall Luncheon Meeting will be 10-10's Annual Meeting, and will include the nomination and election of Officers. K6AYU- Jo is taking reservations.

Respectfully submitted,

K6AYU-Jo

To the 500-Club members who are interested in qualifying for the "VP" Certificates, we now have an officially approved calling frequency on 28.535 MHz. If the QRM gets too heavy during the coming DX season, try 29.010 MHz.

Certificates issued during the past nine months include:

VP-100 - W4WHM #35
 VP-200 - K4KAH # 3
 K5MRU # 4

In the Spring Bulletin 500 Bar & VP Number 678 was inadvertently listed as WB1DBL. It should have been WD1DBZ.

Submitted By:
 Wm. "Bill" Risher
 Awards Manager

The sky was overcast and a very light fog obscured the view of distant objects; almost as if ordered for the scenario that was taking place! EARTHQUAKE! EARTHQUAKE! 8.5 on the Richter Scale....and many main arteries of Long Beach are rendered useless, making normal land approach to the Queen Mary Wireless Room an impossibility. How can radio communications get through with messages and important bulletins?

An exercise spearheaded by Jim Michaels, W6PGM, Assistant Emergency Coordinator, under the auspices of the Amateur Radio Emergency Service (ARES) and Community Amateur Radio Service (CARS) began on Saturday, July 19th at 0730 in the morning. Two organizations joined forces to see if their operation: SIERRA-ECHO-ECHO (Simulated Earthquake Emergency)....could do just that - provide an important communication service for the community in time of need.

Providing boat transportation, two ham skippers from the Long Beach Power Squadron, Bill, W6EFR, aboard the "Horny Toad" and Jim, W6PGM, aboard the "Jimothy" set to work in the harbor, utilizing rubber inflatables, to pick up volunteer members of the Associated Radio Amateurs of Long Beach (ARALB). Acting on the previously arranged plan, and with the aid of mobile, maritime mobile and hand held rigs, amateur radio communications specialists were preparing to reach W6RO (Official ARRL Emergency Station) aboard the Queen Mary at Long Beach, California.

After a smooth ride to the bow of the Queen Mary, all disembarked and boarded the ship in whose wireless room they were met by the amateur operator on duty. However, in the event the landing pier had been destroyed, two "hams" had boarded a rubber raft, put overboard from the "Horny Toad", for an alternate landing on the rocks adjacent to the ship.

With the cooperation of several other hams in the local area at their field or home bases, the simulated disaster took place with the Queen Mary station as the emergency command post. SIERRA-ECHO-ECHO was a success!

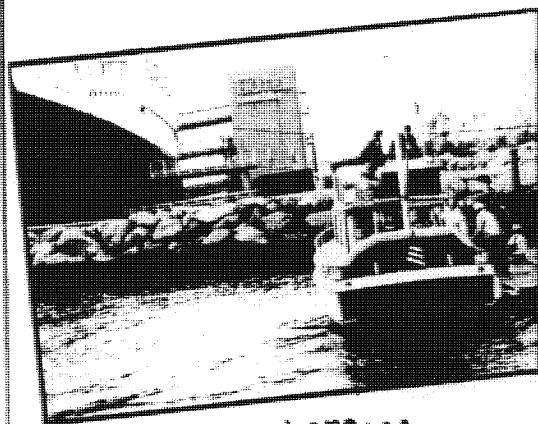

Underway to the Queen...

RESULTS OF THE 1980 Q.S.O. PARTY

by; Bob - WA2MHL #9779

TOP TEN

7. WB7BQP	1046
8. W0RSR	979
9. K4HAV	958
10. K5MRU	940

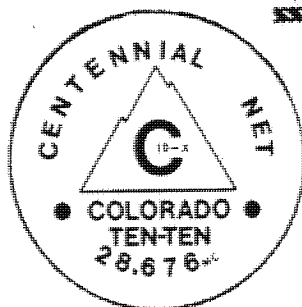

As expected, the participation in the 1980 10-X Summer QSO party was about 50% of the Winter party. A total of 480 logs was received with 63 chapters represented.

Band conditions were not the best in most areas. However, it appears that those who found some "openings" were able to record some interesting results.

It is a pleasure to report the excellent compliance with sending along summary sheets and abiding by hours of operation as specified by the rules.

The LIARS chapter will have completed their commitment to tabulate the 1980 contest logs so there will be a new contest manager for the 1981 season.

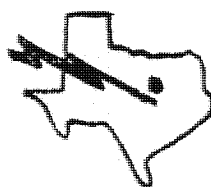

My thanks and appreciation to W2KDI, Jack; WA2SUH, Larry and WB2ZSW, John for their fine assistance in checking the logs.

W.P.T. -10 AWARD OFFERED:

Don - WA2RXM announces the availability of the "Worked Piscataway Township On Ten Meters" Award (non-chapter) by working at least 2 of the 51 amateurs in the township. Don's address is: 17 Rebecca Pl., Piscataway, NJ 08854

W2JN-SK

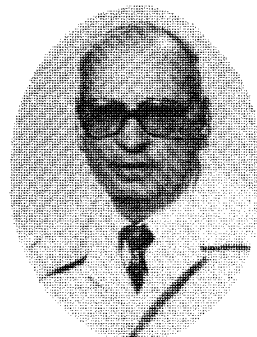

CHARLES ATWATER - W2JN has joined the ranks of the Silent Keys (QST-Aug'80).

(see editorial comment on his passing, page-3)

Charles Atwater, W2JN, who recently joined OOTC, has, like many other members a very interesting past when it comes to Amateur Radio. Charlie was the first American station to hold a transatlantic two way contact on 10 meters. The date was Jan. 1, 1928. Reference to this feat is in the May QST 1930 and a complete description of 2JN is in QST of June, 1930.

from "Spark Gap Times" ©1973.

HP3XHG-SK

HARLEY GORSKY - HP3XHG became a Silent Key June 12th, 1980 in the Republic of Panama. He held 10-10 Number 24356.

AMATEUR RADIO TO THE RESCUE

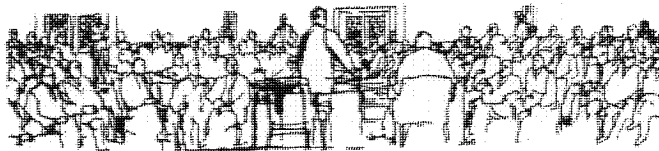

by: Mac - WB4UOI
#10281

CH, Old Dominion Chapter

On August 23rd, Hank-WD4IKD, was pinned underneath his new tractor as he pulled out a tree on his farm. Thanks to his trusty 2 meter HT and a quick "Mayday" call heard by WD4KUK, Hank was freed from under the tractor. He was in hospital for four days and will have to continue to take treatments for the damaged nerves to regain the use of his left hand. He had many bruises and scratches, but no broken bones. Hank holds Charter #15 in the Old Dominion Chapter and is very active with the group.

HANK - WD4IKD
10-10 #26264

UP-COMING MEETINGS:

Nov '80	South Florida ARRL Conv St Petersburg	Booth & Forum sponsored by the Suncoast Chapter
Nov 1/2 '80	2nd Annual Commadore Perry QSO Party	Obtain details from WB3KGR.
Nov 1/2 '80	Egyptian Chap 10-10 Contest	Obtain details from WB9SNX
Nov 8/9 '80	4th Annual Houston Hambash	Sponsored by the Houston SHOT Chapter. Obtain details from WB5FII
Feb 7/8 '81	Winter 10-10 QSO Party	See page-23.
Mar 7/8 '81	10-10 CW QSO Party	Rules will be in the Winter Edition of the 10-10 News.

10-10 International Net Winter QSO Party - 1981

by: Chuck Elliott, W8URK
Chairman, Rules and Ethics Committee

STARTS: 0000Z (UTC) Feb. 7, 1981
ENDS: 2400Z (UTC) Feb. 8, 1981

QSO Parties are open to all amateurs, but only 10-10 members are eligible for awards. All contacts must be made on 10 meters. Modes acceptable are AM, SSB and FM. QSO Parties are not intended to demonstrate technical or contest endurance abilities, but to encourage interest in 10 meter operation. Members may submit 10-10 numbers collected for bar awards; non-members may use them to qualify for 10-10 membership.

RULES:

1. Exchange call, city, state, name and 10-10 number
2. All station logs must be in UTC
3. A station may be counted only once
4. An operator may credit his/her score only to a local chapter of which he/she is a member. A local chapter is one that can be worked ground wave when the band is closed.
5. One may work any 24 hours of the 48 hours available. They need not be consecutive, but must be in a minimum of one-hour increments starting with the first contact. Any portion of a clock hour must be counted as a full hour. Example: you operate from 0130Z to 0229Z. This counts as two hours of operation.

CLASSES OF OPERATION:

1. Single operator
2. QRP (20 watts PEP output SSB; 10 watts AM)

SCORING:

1. Each contact is worth one point
2. Add an additional point if the station has a 10-10 number

AWARDS:

In each class, a first place certificate to each U.S. call area, KL7, KH6 and other U.S. Pacific islands, each VE district, Central America and the Caribbean, South America, Europe, Africa and South Atlantic, Asia, Australia, New Zealand and South Pacific.

LOGS:

Logs are accepted from members only, and are due by March 7, 1981. Mail to Trotters & Pacers Chapter, in care of John W. Raczek, K2HLC, 22 Lake Ave., Eatontown, N.J. 07724. Each entry on log must include call sign, date, time, QTH, Name, 10-10 number (if any). Submit a separate cover sheet showing your name, call, QTH, 10-10 number, chapter affiliation (if any), total hours of operation, total contacts and total number of points claimed. Logs not properly submitted may be rejected. Chapters submitting bulk mailings must divide them into two or more mailings, spaced several days apart.

COMMITTEE:

CONNIE HAUCK
K6EXQ 19681

What a great summer this has been ! I am delighted to report that Millie, my OM, is back at work and doing quite well. Thank you for your prayer, letters and many cards. We even had letters from people that we had never worked but as one put it, as long as we are hams, we are not strangers. It is nice to know that so many of you did care and took the time to let us know.

I had my usual trip to Ky, and as always landed in Music City USA, Nashville, Tenn. I was warmly greeted by several members of the Music City Chapter and taken to a very nice place for a lovely breakfast (much better than the air lines served), much good fellowship and picture taking. I spent three hours with them but wished it could have been three days. We agreed to make it an annual visit and I am counting the weeks until next time. If you have the chance, make that a stop on your trip.

On to Hopkinsville, Ky, my old hometown and a lovely evening the next week with a good group of the Blue & Gray. We had a nice dinner and talked and talked and then talked a long time more. The Music City groupd was celebrating a first anniversary and the Blue and Gray were only a couple of weeks away so it was special for me with both groups.

Just before I left on vacation, in fact, just hours before the OM and I drove to Anaheim and had breakfast and a few hours with Bob Luther, VK2BLU, from the Blue Mtn Lagoon Chapter. Our time with Bob was too short as it always is. We are looking forward to a visit with VK3NPS, Bill Howe CH of the City of Melbourne Chapter in a few days.

Many of you have mentioned in your reports of your participation in field day, various hamfests and conventions. We do appreciate the efforts of all of you to do your part in promoting 10-10. I have heard from several that interest in 10-10 is not what it used to be. With DX so good, some of our people have gone looking for that but remember that there you can do your good work for 10-10 too. Ask any contact that you make if he has a 10-10 number and if he says no, have the information near by and get him or her started. Everything you need to know is on the last page of the NEWS.

I had a letter from W4YHF saying that so much of the information that he has gotten for his certificate guide has been gotten second hand. That could lead to mistakes and create problems for your chapter by applications being prepared incorrectly, not enough \$ or sent to the wrong person. Jim spends a lot of time on the certificate directory and it would be nice if the chapterhead or certificate manager could send him a copy of your requirements and don't forget to do the same when you have an upgrade or any change. If you are into certificates at all you will want to send to Jim for the guide. The cost is \$3 and it is an invaluable tool for the one who is just beginning to collect certificates as well as those of us who have been at it for awhile. Jim is OK in the call book for several years. This is a private venture for Jim and is not a part of 10-10.

At the convention in Los Angeles I had a badge that a company has taken a picture of the cat and designed a nice badge and I have been asked to give the address of it...Rochar Enterprises 17149 Woodruff Ave., P.O. Box 579 Bellflower, Ca, 90706. Write them for more information.

On many of the chapter reports it is noted that you have changed net time or the frequency. I would appreciate it if you would check with me before doing this because you might land on another net and I am sure that you would not want to do that. I do have a master listing of all the nets and their assigned frequencies so that I know if a frequency will be clear at a certain time and will be happy to check and to let you know. It really does little good to have me assign time and frequencies if you change them at will.

As long as we have chapters who issue certificates, we will continue to have some problems. I know that the mail fouls things up a lot but then there are some chapters who take an exceptionally long time to process an application. This, I know as is my job and all of us in 10-10, is a labor of love but it is unfair to have one wait for several weeks and hear nothing from an application and then follow up letters not be answered. Some chapters get on the air and start a certificate when they don't have it in hand and the time for having it is sometimes weeks or even months away. I feel that you should let an applicant know either by air or by mail that his application has been received, what his number is and when to expect the certificate. The applicant has paid money and deserves to know when to expect his purchase.

We are deeply indebted to the LIARS chapter for the great job that they have done in tabulating the last few QSO parties. It is a big job and they have done it in record time for us. THANKS to ALL.

Speaking of the QSO party, the one comment in a negative tone was the 24 hour time limit. I don't like that rule either and I work longer than the 24 hours if I can because I am interested in collecting the new 10-10 numbers and for that reason I do not send a log in but we have a contest committee and it is their job to make the rules. If we don't like the rules, then when the request comes out for someone to work on the committee let your voice be heard to serve.

During the summer many of the chapters have had special activities to keep the group together and several continue to have monthly activities. Share your ideas with us. Some nets have had few check-ins while others have enjoyed much activity. It is you who keep the chapter going and who helps to keep 10-10 alive. We ask all of you to do your part in this.

I had such a nice letter from Dick Wightman, WB7BZR telling me that the ORCA is extinct. I would like to share some of it with you: "The ORCA will continue as a marine mobile club. We owe a great debt to 10-10 International for providing a means for the start of our group. Out of this has grown a regular program of classes for the boaters and assistance in marine installations.

I don't know what the future development of ORCA will be, but, for the record, there are some 35 boaters who have been or are currently on long distance cruises who got their licenses through the club. At least one of those unfortunately experienced a shipwreck in southern Mexico and used ham radio to arrange for the salvage of the vessel and to remain in contact with home during the operation which took well over 6 weeks. In all our graduates, ham radio has been the primary link with home and the boaters.

I'd like to thank 10-10 & 10-10'ers for their support & fun that I have enjoyed. I will personally continue to be active on 10 and hope to make many more 10-10 contacts." (We are sorry Dick to see ORCA become extinct and thank you for the letter).

In closing I would like to thank the following chapters for HC's, Canterbury, Lake Geneva, McKinges from Chief Anderson, Missouri Bluebird (not a chapter but a nice certificate and nice people), Sleepy Hollow and Truth or Consequences. I do very much appreciate each of them and will do my best to help promote your activities.

The next reports will be due Dec. 1 and since that is such a busy month for us all I do hope that you will do your best to get your report in on time.

Remember support your local chapter.

33/73

Connie Hauck

CHATTER

26

City of Mums(WB1DAT): Good check-ins during the summer. The senior award is ready. It is called BALLOON DAY, requires 100 points, cost \$2 and adds 5 pts to your total. Nutmeg(K1CEX): Each summer month had over 100 check-ins with Aug. 4 having 13 states represented. This active chapter ran its first net 3/10/71 with 21 check-ins(K1PAI-CH, WA1HMC/SK, W1GBC, W1ITM, K1VHF, W1JAD/SK, K1HEF, W1RHA, W1KTW, K1ABL, K1MUT, W1WZE, K1KYC, W1DRA, K1CPJ, W1EGR, K1DUV, W1DMZ/SK, K1ESN, K1DRK & W1QBF) and has been operating weekly ever since, to date with over 300 local certificate members and many non-certificate members. The people are proud of their chapter and so is 10-10. Ocean State(WB1CRR): Nelson takes over as chapter head with K1UNA, Herb as vice CH. Phyllis Hoffman, K1QFD 274 Ten Rod Rd., No. Kingston, R.I. 02852 has assumed the job of certificate mgr. A big thanks to Bob Wild, WA1TMZ for a job well done as CH and cert. mgr.

Flour City(WA2JPE): The second annual picnic was a great success and lots of fun. Hope to have pictures next issue. Good local support on nets. Members have been having DX visitors from Africa, Australia and France. In Oct. WA7WEA is going to the big city to visit his friends. LIARS(W2KDI): This chapter has been busy with tabulating the results of the summer 10-10 QSO party. A comparison of the ARRL 10 meter contest results and ours is interesting...ARRL had 1500 returns and we had almost 1000 in ours. Speaks very well for 10-10 and lets show them that we can beat them next time but on a per centage basis I am sure that we have. Mohawk Valley(WA2IMG): New ARROW HEAD endorsements are ready. SASE to WA2IMG 1 Salisbury Drive New Hartford, N.Y. 13413 for info. Trotters & Pacers(K2HLC): Another chapter with a nice number of check-ins during the summer. Some changes include KA2DRT(Bill) as senior awards mgr. Several HC's have been added to the group. WB2NCO(John) is the Sat. morning NC and he invites all to check-in and join the fun. Twin Tiers(W2JML): The chapter had a booth at the Binghamton Hamfest and several of the members were able to upgrade. FRIENDSHIP AWARD requires 100 contacts with basic award holders & must include 5 C, 5 HC, 5 FS, or 10 HC and 5 FS... it is FREE.

Anthracite Breaker(WB3AVF): Possible upcoming Special Events stn from the historical mining village of Eckley, Pa. The senior award carries a 2 pt value and it has a number assigned which must be exchanged as well as the basic. Starting with Labor Day, the net will meet each monday which is a holiday On 28.660 at 6 PM local time.

Crazy Eights(WB3EHR): Remember the QSO party Oct. 26 at 0000Z to 0000Z. Awards for all first place in each US call area, VE district and DX. Delaware Valley(K3LMB): Not too many check-ins during the summer but still having nets. Cradle of Liberty(K3YNN): Average 100 check-ins a month. The picnic was well attended with 100 in attendance. This fine chapter has 135L members, as with 10-10, certificate numbers are kept for life. Looking for a contact from Rhode Island to complete WAS for the chapter. CH and his XYL have been in the hospital. MD-DC(WA3NCQ): Info in last issue was incorrect...should read still have 3rd, 4th, 5th & 6th place Yodar W.A.S. award plaques to be won. 10-X's don't have to have a Yodar Kritch certificate to win. It has nothing to do with call areas. There are 2500 Yodar Kritch certificates out.

All American City(KC4LV): A new call for Laudon. Worked 10 meters for field day and had 650 contacts also worked 40 but less than the number of contacts on 10. This fine chapter also has a large membership of locals..118. Chapter of the Carolinas(N4AYJ): Now have basic cert. requiring 10 contacts & 2 must be C or L. Cost is \$2 and CM is KX4F, David T. Biggers 5319 Fireside Dr., Raleigh, N.C. 27609. Chehaw Council(WD4IBD): Remember the CW net Friday 2359Z on 28.110. We are sad to report that HP3XHG, Harley Gorsky #22109 David, Panama is a silent key. Harley was an Honorary Charter of the Chehaw Council and an good contesteer. He will be missed. Cypress(K4TSY): Few check-ins during the summer. Plan a luncheon in Melbourne in Sept. Furniture Capitol(WD4AAH): Band conditions have been poor but the club did

have a nice field day. Hope to have pictures for the next issue. Ky. Cardinal (WA4NDH): Excellent conditions into 1,2 & 3 land an area seldom reached from Ky. Local participation has been good. Music City(W4WXJ): To set the record straight, Max Arnold, W4WHN is Vice President of ARRL and a Charter member of Music City USA. Max holds 10-10 # 22150. 10-10 # 14665 belongs to Bud, W4WHM, the Nashville fog-horn. During July the chapter had a 10-10 booth at the Nashville hamfest. This was the first time that a booth had been held in the mid-Tenn. area. I have first hand information that the booth was a great success. Old Dominion(WB4UOI): The check-ins have not been too bad. Have many new 10-10 members and they seem to enjoy the nets. Still having very successful breakfast meetings the last Sat. of each month. Our group continues to grow. Old North State(W4NJS): A new senior certificate The N.C. Flag..work 12 basic certificate holders including 2C's after July 1, 1980. Cost SASE plus 2 15¢ stamps. Next work a basic number in each of the 50 states...send log info with an SASE and a one cent stamp for each state flag. N4BKC, Bill, had his house hit by lightening causing extensive damage to radio equipment, house wiring and appliances. After several weeks off the air Bill is on again. MUCH disaffection with the one hour rule and 24 hour max. for QSO party. They claim an unfair advantage to those living in heavily populated areas especially when band conditions are bad. Orange Juice(W4OWN): We are having QRM from Japanese stations ..this has happened several times. Dora, K4CYF, #416 has been in the hospital with back problems but should be home by the time you read this. Dora was 81 last May. Possum Trot(KU4W): Band conditions have not been good. Sponsored a booth at local hamfest. North Georgia(W4YHF): Lack of local interest will probably cause the chapter to be disbanded in the near future. Seven Rivers(W4QRH): Good check-ins most nets. Two new certificates...10 Pounder requires Big Catch numbers from 7 YL's, 7FS/FC & 7 MO's...20 Pounder the same requirements with 10 Pounder numbers. Cost of each is SASE. Suncoast(N4AQU): 10-10 had better get a "cause" to keep interest running as band conditions begin to decline. We had better start running the CBar's out of the CW portion or they will soon be in the SS8 portion. Sitting on one's butt--history indicates the results.

Bauxite(KSNE): Not many skip check-ins causing consideration of the Bauxite to be discontinued. Have a small supply(40) but many Ark. Visitor cert. on hand. Cowtown(WB5THD): All C's and CT#1000 are instant qualifiers for the basic. Had a Mexican supper to celebrate the Branding Iron Cert. hosted by N5BQR & XYL. Annual ice cream get together hosted by W5GVP, Tom CT#1. Winners of June CT contest were N5BQR, John first, W5GNP, Tom second & WB5THD, Cliff third. The Cowtown, Dallas Cowboys and Lone Star gave a combined donation to the Tarrant & Dallas County heat relief fund for senior citizens. Golden Triangle(WB5ZCK): During Tex-La hamfest our club sponsored a a hospitality room & served about 450 hams and spreading the word about 10-10. Heart of Dixie(WA4MGJ): Donated \$50.00 to defense fund of Randy Bynum. See Ham Radio for article. Magnolia(AK5H) Monita announces that Basic awards are free until 12/31/80 for-VIP send SASE-& others 28¢. Monita also issues the OM/XYL awards which are free except for return postage. Work 10 OM/XYL teams and 25 for the VIP. Miss. Lighthouse(N5AQJ): New Cert. "BEAUVIOR"departs home of Jefferson Davis. Must hold basic & Ft. Mass. Need 100 points..C=5,HC=4,FS/DX=2,O=1. Cost \$1.50 K5QQT, Betty Beckstein 313 Springdale Circle Biloxi, Ms. 39532. Will sponsor a 10-10 table at the Ms. Gulf Coast hamfest in Oct. Rio Grande(K5MRU): The Rio Grande Chapter is proud of WD5CLD #29407. During Hurricane Allen's approach to the Tex. Coast in Aug. Rick & another local amateur set up operations at the Brownsville Weather Bureau & kept in contact with the Hurrican Net on 20 meters throughout the entire period. When Weather Bureau's communication system failed, they were able to keep them in touch with the Miami Hurrican Center. Other 10-10 members were heard helping out on the Hurrican Net, among them, W5GEL of Corpus Christi, member of the Shrimp Net. Sooner Chapter(WB5ZLU): Special thanks to Heinz, WB5ZGP & Joe, WB5YKD, most of the first ten VIP's have special QSL cards which resemble the 89er certificate. Look for & request one from Okla. Ten Bar X(K5DIT): New cert. mgr is K85QV, Jack Hedrick 8044 Algerita El Paso, Tex. 79907. As of 10/1/80 all certs. will be \$2.00. To qualify you no longer need a C but an El Paso stn. Plans are in the mill for a new cert. W5ES will be on 10 meters during El Paso Ham Fiesta Oct. 11&12. Truth or Consequences(WD5HEG): After contacting the City of Melbourne Net the T or C will be meeting on Fridays 0001Z. Friday will be the same Zulu time all year. Several of the members are on 10 meter FM on 29.6

Golden Bear(WB6POQ): Will have an upgrade to Hangtown Crossing. Had a picnic with W6ANK, Dick WA6GBQ, W6FWK & XYL's in attendance. A good time was had by all. City of Perris(WB6UBR): Planning our second annual Visitors Day Feb. 15, 1981. If you check into the net and send an SASE with log info, you receive a nice little certificate. The certificates may be of value later. No. San Joaquin Valley Chapter(KB6DG): On a recent net with no outside check-ins we had a tuna boat 2,000 miles from San Diego call us and we ran phone patches including one for a family birthday party. Special Event Station W6BGX will operate 24 hours Oct. 25 from Stanislaus State College Turkey Sweepstakes. Will have special QSL and station will be one contact qualifier for the basic cert.

Cascade(WA7QVP): As of 6/1/80 requirements for the BARN certificate will have been changed to delete the parts that say all contacts after 3/1/79 & home state not eligible. Should be much easier to get now. Planning second annual picnic. Chief Seattle(W7HUL): Had two Russians and several Japanese check-ins. As of Jan. 1980 the Princess award was dropped. Had an info booth at Nat. ARRL Conv. in Seattle. A summer picnic was enjoyed by many of the locals. City of Roses(WB7EXM): We at times experience many problems with the backscatter net relinquishing the freq as was agreed....especially the W6 stations. KA7CBO is the new cert. manager & he is ok in the 79 & 80 callbook. Wyoming 10-10(KB7NL): June was a good month 116 check-ins. Some call changes Art, KA7AWN is now KB7LV and Don WB7VED is now KB7NL. Sun Country(KB7H): Correct net time to 2100Z. A VIP is available and the cert. mgr is to the P.O. Box 5742 Yuma, Az. There is also another certificate based on the Prison point system. Send an SASE to Tim, N7BGH, at his home qth for info. Thunderbird(W7AAW): Not too much activity but the FCC changed the call of the CH from K7PXI to WA7AAW.

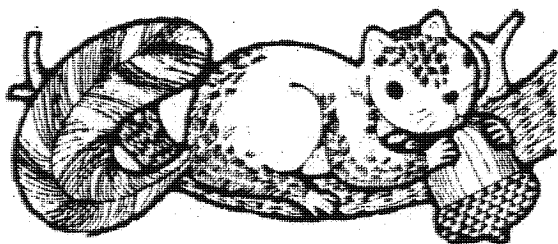

CATT(WB7JY): We have 180 local members now. The picnic was well attended in spite of rain. Planning a booth at Inn. hamfest...look for our new CATT Flag Flying. MARCSHawnee(NB8IE): Hope to have a ten meter repeater on the air by winter 29,560-29,660. C.W. novice net Tuesdays 2330 on 28.160, NB8LC & WD8LXX are NCS. Sonny Terry ex WD8CFF is now KB8QW-advanced. Congrats. Tri City(WD8QEA): A new CH because Gary LeGrow, WD8Q8B moved to Madison, In. Not too much activity during the summer.

Blackhawk Valley(WD9FVH): Like many others we will have a picnic this summer. KA9BWI Larry will be NCS as of 6-18-80. Chief Anderson(WB9ZBG): Cert. mgr. for Chief Anderson & Kikthawenund is Floyd(N9AMQ). Arron(WA9FTO) is cert. mgr. for McKinges the new Grand Award. Arron is off on a trip to Germany. City of Lights(W9ZGP): Many new ground wave 10-10 stations joining the net from Chicago. Active QSO Party operators now plan a Pizza bust after each the QSO Party. We think multi op stns should be allowed & compete against themselves. Individual operators should be allowed to operate any of the 48 hours as they can only humanly so many & most will only have a 24 hours of band opening if lucky. The 24 hour time limit really has proven nothing. Land of Lincoln(W9BPU): Lots of band openings to W1,2,3,4&5 during the summer. Nice turn out in contest by LOL. Several new upgrades.

Colorado Bighorn(KØPVI): Lots of E skip check-ins from out of state & DX. Newest member is Bud, 9V1OI from Singapore. Minn-Dak Sunflower(WDØHHM): Nice visit from Gary, WDØCCL who is located in Spokane, Wn. Also had an eyeball from WDØHXQ. Look for us Sunday 1900CST 28.865. Jackpine(WBØSNG): Applications for basic certificates should go to WBØSNH, Paul and all senior applications should go to WBØSNG, Neil. Do watch the NEWS for info on a possible new award in the future. The net meets with a regular assigned NCS each Sunday. Need locals to check-in. Pikes Peak(KH6JG/Ø): for the new 14 award KØHOA only. Send an SASE to KØHOA for info make the SASE a legal size. During the first part of August there was 6 inches of snow on the PEAK.

Other reports:

Nor' Eastern(W1ZQR): Super group of skip check-ins. Created HC among locals with outstanding attendance record. Their point value is 4. Had our first "eyeball" since organizing in 1976 & had W1NC & W1FFT from Minute Man, W1KZH from Nutmegs

How to become a Ten-Ten Member

Work ten present members on 10 meters. Log each 10-10 number, call sign, date worked, operator's name, and location. Submit this list to your Call Sign Area Manager, with \$1 Registration Fee and \$3 for your first year's dues. Novices need not pay Registration Fee, and Novices and DX applicants need work but 5 present members. You will receive a Certificate and be assigned a permanent 10-10 Number. You must pay annual dues to remain in good standing, receive the Quarterly 10-10 International News, and participate fully in 10-10 activities.

How to earn Bars and Plaques

As a member, log the 10-10 numbers of stations you work on 10 meters. You may wish to mark your Roster to avoid duplicates, and to develop a filing system to record 10-10 contacts. All contacts must be bona-fide number exchanges on the air. When you have 100 contacts (including your first 10), list 100 only (never more, never less, and no duplicates) as follows:

1. Your list must be in serial order of 10-10 numbers. Show call sign, handle, location, and date worked.
2. You may submit only one list of 100 at a time.
3. You may not submit log books or copies of log book pages.
4. You must give your name, address, call sign, and 10-10 number, and state which Bar you are requesting (i.e., 100 Bar, 200 Bar, etc.)
5. You must enclose an SASE (large size - about 4 1/4" x 9 3/8").
6. Mail your materials to: Wm. (Bill) Risher, Jr., WB6OMH
10542 Loch Avon Drive
Whittier, CA 90606

When you have attained your 500 Bar, you will be assigned an Honorary V. P. Number, and will be entitled to participate in additional activities. In addition, plaques are awarded for 1,000, 2,500, and 5,000 10-10 contacts.

How to earn WAS

When you have worked at least one 10-10 member in each of the 50 states, and have QSL card confirmation, mail your cards to WB6OMH (address above), and apply for the 10-10 WAS Certificate. Enclose also an alphabetic list of the states, with full information on each station worked, plus \$1.08 return postage.

Chapter Activities

Many 10-10 chapters issue certificates which may be earned by following rules established by those chapters. See "A Guide to 10-10 Nets" for days and times when chapter nets meet. Groups wishing to create local chapters may get information from Chapter Coordinator Connie Hauck, K6EXQ, 794 W. 23 St., Upland, CA 91786.

Is it That Time?

Look at the mailing label on this issue of your Quarterly Bulletin. In the center of the top line there is a four-digit number which tells you the expiration date of your Ten-Ten membership. The first two digits indicate the month, and the last two the year. If your membership has expired or is about to expire, RENEW NOW. Send your \$3.00 annual dues to your Call Area Mgr. If you are more than three months in arrears, you must pay a \$1.00 Reinstatement Fee. RENEW NOW!
