SPRING 1977

Monitoring 28,800 Khz—Daily Except Sunday

S A R O C - 1 9 7 7 (or) EUPHORIA AND EXHAUSTION!

Las Vegas, Nevada became the temporary Headquarters for the International Ten-Ten Net during the festivities of SAROC-1977. Activities started at the 10-X Booth complete with a large display of many 10-X awards and certificates, 10-X Bulletins for hand-out, the smiling faces (Gene-W6DQH, Jeannie-WA6UGA, Mary-WA6MCF Alvin-W6OEJ, Bert-W6CL, Mary-WA6EJP, Ray-W6MLZ, Hans-WB6YYI and 10-X President Morrie-W6EHM) and a FT101E loaned by Yaesu for W6OI/7.

The 10-X Booth set-up was the focus of attention and was well attended with visitors from near and far to share in the 10-X fellowship that prevailed. The 10-X Forum opened with the installation of 10-X Officers for 1977. 10-X President, Morrie Goldman (W6EHM) addressed the assembly. Morrie stated that the cost of publishing four Bulletins in 1977 may exceed the budget and it appeared that the annual dues should be increased to \$3 in 1978. Jack-WA6TRZ of Worldradio Magazine agreed that postage is a major expense item.

On the Subject of contests, Neal-WB6PKP stated that more than two contests per year would diminish the challenge and incentive. It was suggested that our local chapters sponsor interim contests such as the LIARS (Apr 30-May 1) and the Milwaukee Guardians (May '77) are planning.

During the forum W6CL awarded prizes to Marcel-W6NKB (a subscription to Worldradio donated by WA6TRZ), to Joe-WB7BVS (a U.S. Callbook donated by C&A Electronics) and to Joe-WB6PHA (a DX Callbook donated by Henry Radio).

Station W6OI/7 never went on the air due to the disapproval of the hotel because of expected problems with the electronic surveillance equipment monitoring the gambling operations nearby.

At Sunday morning brunch after the hectic two days with champagne and mixed feelings of euphoria and exhaustion, it was agreed to try again next year.

Editorial Commentary

dateline....
DENVER, COLORADO

I was surprised and overwhelmed when Morrie asked me to take over as Editor of this Bulletin. I was, however, very happy and proud to accept the position. One year ago I started as Editor of the 10-X Chapter News (sent bi-monthly to Chapter Heads) and now, after six issues, it has been combined with this bulletin. I wish to thank all of the Chapter Heads who have faithfully sent in their reports to make "Chapter Chatter" a success. A few of the older Chapters have dropped into inactivity, but 29 new Chapters were formed in 1976 making a total of 61 Chapters now reporting on a regular basis. No publication can be successful without incoming news. So keep those cards and letters coming in folks.

I have been told by Rich-WB0FQD (CH of Colo Ten-Ten) that one of his biggest problems is 10-X's forgetting to include their own 10-X number when submitting for awards. This results in writing back to find out the 10-X number. I would imagine that this problem is experienced by some of the other chapters. It would help certificate managers if you would remember to include your own 10-X number when you apply for the many 10-X awards and certificates offered.

Once again, thanks for everyone's fine support in the effort to make our 10-X publications the best around.

Dues receipts barely covered operating expenses during the waning months of 1976 and it appeared that the Spring Bulletin would be postponed indefinitely. New memberships and renewals made a healthy recovery in January and February of 1977. Mary WA6MOF reported that income would be available and the decision was made to proceed. No dramatic changes are expected during this sunspot cycle and our income for 1977 can be projected at \$12,000 (same as 1976). Four seasonal bulletins in 1977 would require an expenditure of \$10,800 (1976 base); this includes all associated expenses-mailing service, postage, and printing. The balance is woefully inadequate to cover all other operating expenses-rosters, certificates, membership cards, contests and the awards program. To preclude a dues increase in 1977, we will defer the Winter Bulletin expense to 1978, but will plan on a Summer and Fall Bulletin for 1977. We could resort to commercial ads to defray expenses but we would compromise our independence as a self-sustaining amateur radio organization.

When I first assumed office, our dedicated volunteers (W6OI, W6LRY, W6ENC, WB6YYY) were overwhelmed with the massive records associated with the rapid growth of the net. The dues were coming in, the bulletins going out were skimpy and sporadic but the cash on hand looked great in 1974 and 1975. I could see no justification for a dues increase at that time. For 1977, we must limit the Bulletin to three issues and in addition reduce our operating expenses to a bare minimum to assure a no-profit, no-loss status for 1977. It is not my intention to promise more than we can deliver. The 10-10 Net must retain its reputation for fiscal responsibility if we are to survive. If we are to retain our status as a first rate Net with a first rate quarterly bulletin produced by our eminently qualified Editor, Chuck WAØYNQ-I propose that our annual dues be increased by \$1.00 per year, effective in 1978.

Because of the necessity to reduce operating expenses the following measures will be invoked:

1. Rosters-because of the expense, we have not published a new edition since May 1975, but have furnished a supplement in each Bulletin to keep it up to date. Our supply is now exhausted and a new edition will be available. The new edition will exceed 50 pages. The Roster will be mailed parcel post book rate to keep the cost from exceeding the initiation fee of \$1.00.

2. Bulletin Mailing-New members will no longer receive the current edition with their membership certificate, etc. These, too will be mailed bulk rate from So. Calif. to reduce expenses.

Note: The above does not apply to DX mailings which requires special handling.

3. Membership Cards-will be issued once to new members only. Members who renew should check the expiration date (e.g. 0579 means May 1979) on the mailing label to make sure the computer has recorded your new expiration date-notify your call area VP or Lee WB6MGM directly if in error.

4. Change of Address-Again notify your call area VP or Lee WB6MGM for uninterrupted delivery of the Bulletin. "Address Correction Requested" will no longer be used. Seems that about 10% of our members are mobile and fail to notify us of a change of address. Now that the cost is 25¢ per correction, we can not afford the luxury of tracking you down.

I regret that we must invoke these measures which in turn diminishes the first class service you deserve. Our major tangible product in return for your dues is the Bulletin and the Roster for the initiation fee. Chuck WAØYNQ our Editor is doing his utmost to provide us with an excellent Bulletin. Your co-operation will be appreciated in complying with these economy measures to assure publication of the Summer and Fall Bulletins on time.

W6ANK**IN MEMORIAM: George W. Currie ZL1ARO #774 SK**

It is with deep regret to share a feeling of sadness with our VK/ZL members in the sudden loss of a mutual friend, George W. Currie ZL1ARO #774. He served with unselfish devotion as the first VK/ZL Manager and Vice President of the 10-10 International Net. George will be missed by all his amateur friends throughout the world. In memoriam, a contribution has been forwarded to the New Zealand Red Cross. May I also share this letter to W6LRY:

"Dear Claude-It is with regret that I write to tell you of the sudden passing of George, ZL1ARO. He suffered a major heart attack on the 25th of January and passed on suddenly. George had been in good health and it is a shock to us all. I personally had a great friendship with George, who I like to call my father in Ham Radio. I would very much like to tie up any "loose ends" as far as 10-10 is concerned. I hope this is acceptable to you.

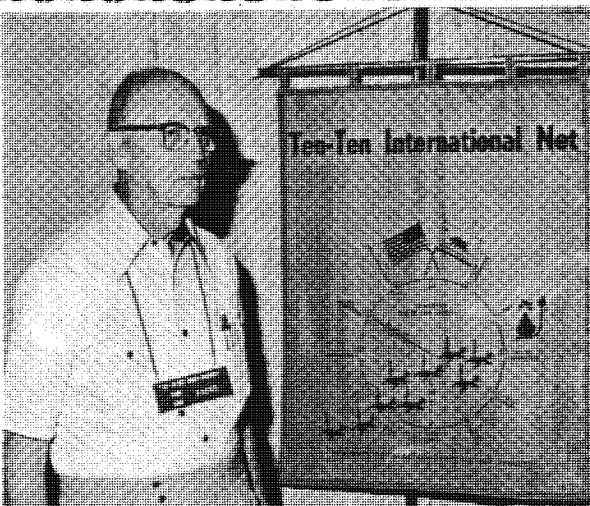

signed: Yours faithfully-Peter Williams

P.S. Quite willing to act on George's behalf.

ZL1BEB #9781
Kaihere, No.1 R.D.
Ngatea, N.Z.

It is then appropriate and an honor to announce the appointment of Peter Williams ZL1BEB as Acting Vice President VK/ZL call areas. A special election will be held at the April Quarterly Meeting to confirm the appointment. My sincere appreciation for the fine tribute to George ZL1ARO. Congratulations and best of success in your new endeavor....Morrie W6EHM #4189 President

Tapesponding is great when you have a lot to say and hate to write long letters. This method is being used by the 10-X Editor to co-ordinate with some of the 10-X Officials (including the 10-X President, Net Co-Ordinator and WFLST (VP of Land). An invitation goes out to all District VP's, Chapter Heads and others who wish to convey information to the Editor. All tapes will be answered on same tape received. The cassette type tape should be used. See page 2 for Editor's QTH.

Clint-K4EKX, V.P. of the Fourth District, at the 10-X Booth at Florida Convention.

THE FIRST SOUTH FLORIDA SECTION A.R.R.L. CONVENTION, November 6th & 7th, 1976

By Clinton Paine - K4EKX

The convention was held at the beautiful Sheraton Sand Key Hotel on Clearwater Beach, where the sunshine and the bikini grace the Gulf beaches and pools the year round. By any standard, the First South Florida Section ARRL Convention was a grand success. It was sponsored by the Gulf Coast Amateur Radio Council of Clearwater, Fla., and charter member associations. All phases of amateur radio were well represented by exhibits, forums and demonstrations. The 10-X Booth commanded the lobby entrance from the parking lot and served both 10-X information and hotel direction.

Our booth was managed by Sun Coast Chapter people; Linda-WB4FYU, Charles-WB4ZPX and his XYL-Alida, and Clint K4EKX and his XYL-Florence. Attractions to the booth were certainly the 10-X International Net Banner and the awards display. Thirty 10-X Chapter Awards from K4EKX's collection caught the eye of many. 10-X hand-outs (10-X Chapter News and Bulletins) moved readily. New member applications and renewals were received at the booth.

The 10-X Forum was well attended. It was held in a conference room overlooking the beautiful Gulf of Mexico. District Four Vice President, Clint-K4EKX, chaired the forum with the assistance of Harry-K4WP, Sun Coast Chapter Head, Charles-WB4ZPX, Sun Coast Ass't Chapter Head, and Linda-WB4FYU, NCS for the Sun Coast Novice Net-Monday and Friday at 1900 local on 28.110mc.

The Forum opened with a welcome and a presentation by K4EKX covering the origin, purpose and progress of the 10-X International Net with goals for 1977. A presentation and an appeal for co-operation of the novice net by WB4FYU was next. "Novices need help and they want 10-X numbers too...how do they get numbers when 99% of our members do not co-operate...lets dust off the key and help", stated Linda. WB4ZPX reported 490 Sun Coast Awards and 51 VIP (Seminole) Awards have been issued to members in 48 states and 6 DX countries.

Just prior to the closing of the forum, two most unexpected presentations were made. Clinton L. Paine - K4EKX 10-X 2388, was presented with a plaque from the Sun Coast Chapter expressing gratitude of his service from the members. Roy G. Stibbs - K4FRG 10-X 882 was presented with a plaque from the Sun Coast Chapter expressing gratitude for his long term as former Chapter Head and his outstanding operating and promotion of the Chapter.

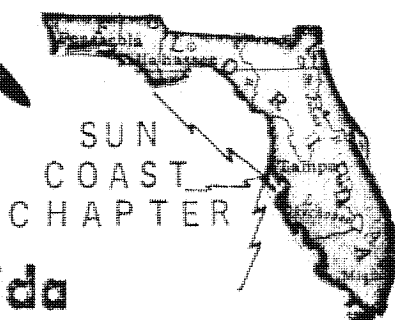

The forum closed just prior to the final prize drawings so everyone could attend the drawings, gather up their loot and head for home. The first South Florida Section ARRL Convention had come to an end. There were many worth while prizes from complete stations to roller rink tickets. Guess who won the roller rink tickets? On my 72nd birthday too!!! One chap who had taken his novice test won a cook book!

oops, I Goofed Dept.

The contest manager, K5MRU, wishes to apologize to Larry-K2ILJ for listing his call as K2ILJ in the Summer QSO Party results appearing in the Winter Bulletin. The callsign of the Chapter Head of the Cliff Dwellers (Colorado) was listed incorrectly on page 8, Nov'76 Chapter News & on page 13, Winter Bulletin (Dec'76). The callsign should be K0WZX. Apologies to Mark in Pueblo, Colorado.

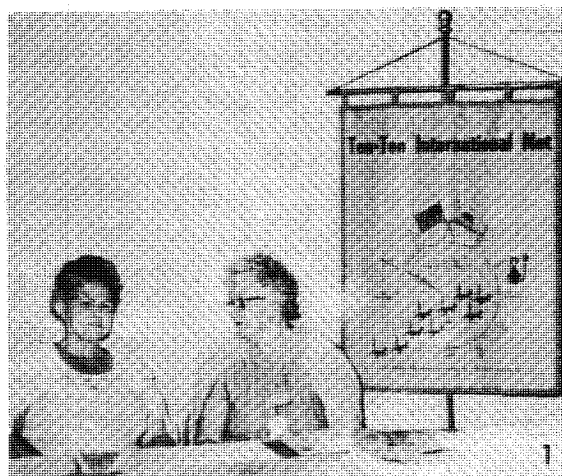

A NEW UPDATED 10-X CERTIFICATE/NET DIRECTORY JUST OFF THE PRESS !

Clint has been hamming since 1953 when he was first licensed as K2DWX in New Jersey. He moved to Florida in 1970 and changed the callsign to his present one. Clint is retired after 36 years with R.C.A. as a cost estimator.

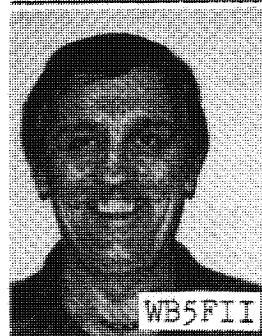

He started 10-X'ing in Florida with an old Viking II and HRO 60 to a ten meter quad built on a pine wood frame saturated with brushing lacquer and mounted on a plywood spider nailed to each end of a 4 foot piece of pine 2X2. The mast was an 8 foot clothes closet hanger rod lashed to the chimney. Clint worked his first 300 10-X numbers with this rig. His present station consists of a Drake t4XB and 22C, R4C, SB230 and a 30 foot Rohn tower supporting a Mosley CL33.

Clint has trained 13 hams, one at a time, and stayed with each one until they passed their general test. He has enjoyed two years of association with an Explorer Post (B.S.A.) as their Communications Officer. Besides representing the fourth district for 10-X, he is the official certificate designer for the Suncoast Chapter. One of Clint's hobbies is designing his own QSL cards of which he has 30 different kinds.

It is with great regret that the report from New Zealand reflects the passing of George Currie - ZL1ARO (10-X 774 & VP 150) in January a victim of a heart attack. George will be sadly missed as he was the main spark behind 10-X activity in the ZL area. In the last report from George he said, "One of the really bad things about 10 meters is the way stations crowd up between 28.5 and 28.625mcs. All those empty spaces in the rest of the band." "It's a wonder someone hasn't come with a solution to this situation, especially in view of the fact that our existing frequencies will be up for grabs in 1979." (Ed's note: picture is George with his XYL supplied by K5MRU.) Also in George's last report was the sad news of the passing of Bert - VK5AH. Bert was the Chapter Head of the VK group.

The ten meter band has improved greatly since the last report was submitted. On the West Coast we have been able to hear all of the East Coast which is a great improvement. In the past it was rare that the North Eastern States were heard. Most of the stations were in the South East especially in the Florida area. Some South American Countries have been coming in with loud and clear signals. The Midwest has also been heard. The openings were not of long duration in most cases but where there is life there is hope. There seems to be a difference of opinion among the "Experts" regarding when the ten meter band will really come to life. Some say that the big up-swing will be in 1977 while others predict the opening will not be until 1983. I hope the latter ones are wrong and some time during this year we will wake up with ten meters will blossom out in all its fame and glory.

The Los Angeles Net Control Stations will use a different frequency on Monday's and Wednesday's. The Frequency will be 28.775 MHz, rather than 28.8 MHz as we have have been in the past. The Net Control Station on those days will be W6ANK in the Bay Area. The improved condition of the band has created a problem with interference. Members wishing to check in on the West Coast did not know which station to check in with as both were loud and clear in their area. To avoid the problem and to give Dick W6ANK a clear frequency the Southern area will use the 28.775 as has been done in the past. The Southern Area will be on 28.8 MHz all other days except Sundays as in the past. Members wishing to may check in with both stations on SSB and also on CW on 28.120 MHz. Visitors are always welcome.

The COLA "Canadian Olympic Award" will be continued during 1977. The award was set up for the Canadian Olympic and was to have been closed at the end of 1976. The rules for the award requires 24 points 12 of which must be with VE stations. The fee is one dollar sent to VE3GZZ Ken Summerville. Ken VE3GZZ informs me that all 60 of the club members have ten ten numbers. The information for the group to become affiliated with the Ten Ten Net has been sent to Ken. We hope the Club will become a Ten Ten Chapter.

The Milwaukee Chapter has sent copies of the Chapter Bulletin that the Chapter publishes four times a year. The items in the bulletin are mostly for the local members although topics of general interest are included. One of the items that are of interest is a list of the members whose dues expire in the near future. The bulletin gives the month of the next QSO party which is in May. The date was not given but I am sure the editor will have more on that.

FLASH! Carl W7HUL O/H just announced the Chief Seattle Chapter plans a 10-X Booth and 10-X Forum at the ARRL Convention in Seattle July 30 & 31, 1977. The So. Calif. (HQ) Chapter plans a 10-X Booth and to operate W6OI at the 12th Annual L.A. Amateur Radio Convention May 21&22, 1977 in Burbank, California.

There have been applications for Chapter status received from various places and the necessary information has been sent to them. The Ten Ten idea is getting more and more publicity on the air from members. There are still a great many Amateurs that do not know the "Why and Wherefore" of the Ten Ten Net. Most that I have given the information to agree it is a great idea and the Net has done a good job. We all try to to our best and keep the band open and in use. The Chapter Heads and NCSs do a great job in that respect. The general topic after the exchange of numbers seems to be "do you have such a certificate I need a number". Congratulations to all who are doing their best for the Net and seem to be succeeding. All the Ten Ten Members and I am sure there are a lot of non-members do also.

VICE PRESIDENTS: D. X. CALL AREAS

VK/ZL: Pete Williams-ZL1BEB, RD-1, Kaihere, Ngatea, New Zealand.
all other DX call areas:
Claude Martin W6LRY, 3603 Syracuse, Baldwin Park, Calif 91706

PROSPECTIVE MEMBERS: On 10 meters, contact 10 present members (DX-5), logging date, time, call, 10-X number, name and QTH. Send this list to your call area Vice Pres., along with \$2 for dues and \$1 for a roster. You will receive a certificate and be assigned a Ten-Ten number that belongs to you personally for life.

HOW TO OPERATE 10-10, EXCHANGE NUMBERS AND GET AWARDS: First become a member and use your Roster. Log all 10-10 contacts as noted above. Circle the call in your roster. This will avoid duplicates. Keep a running account of the total 10-10 numbers at the top of each log sheet. When you have a total of 100 (including the first 10 allowed for membership) immediately apply for your first Bar Award. You should check mark the 10-10 numbers in your complete roster to avoid repeat reporting. We allow the 10 initial contacts but all others counted shall be bona-fide NUMBER EXCHANGES as in a "full friendship handshake". List all information as required for membership (do not send log books). Send your list to our Awards Manager, Frank Orcutt-W4JO, 2752 SW 3rd St, Miami, Fla 33135. Identify your call and 10-10 number, and state the Bar you are requesting each time. There are Bars for each 100. There are special Plaques for 1,000, 2,500, and 5,000. QSL cards are only required for WAS 10-10. IMPORTANT: Send in each 100 immediately (no extras and never less than 100). Forget about those early uncounted "one-way" contacts as our Awards are for bona-fide number exchanges; one point only allowed for each number exchanged.

TEN-TEN CHAPTERS: More than 100 nets throughout the World are now in operation and have weekly on-the-air meetings. Many Chapter Nets issue unique certificates which you may earn by participation in their activities. Many of these have serial numbers and are self-propagating. If you wish to organize a local chapter, please drop a line to our Net Co-Ordinator, George Elliott-W6ENC, Vice President.

RENEWALS, ROSTERS, 10-X STAMPS-all handled by your call area Vice Pres. (QTH above) Do not send your membership card. Write your call sign, 10-10 number, expiration date, QTH on your check made payable to: 10-10 Net, Inc. Dues are \$2 per year. Members more than 6 months in arrears will not receive the Bulletin, but may be reinstated for the \$1 fee and receive a roster. The 1977 Roster (\$1) and 10-X Stamps (100 for \$1) are available. Note what the extra payment is for. Allow 2 months to verify the new expiration date on the mailing label. Include a S.A.S.E. if requesting a receipt or replies to correspondence. Saves postage!

With an organization of this size, it is awfully hard for the officers to make the proper decisions, when so many specific world wide interests are involved. They do not want to do anything that adversely affects the interests of any specific group. So let me devote this column to express the importance of feedback from the members. We must have that information in order to act in the best interest of the membership at large. So please make your suggestions known, through your Chapter Heads, who will pass them on to the Net Coordinator for consideration at our quarterly meetings.

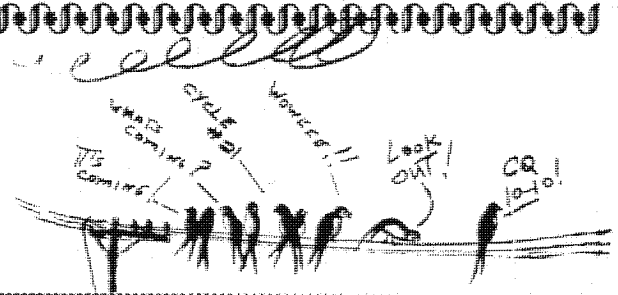

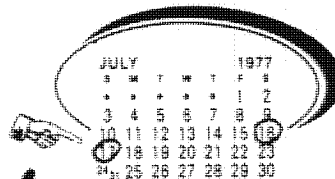

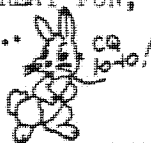

With the band opening up, and membership growing by the thousands, we need the participation of the membership at large in taking the proper actions at the general meetings.

I am not an officer this year, so this is strictly a "One Man's Opinion", but whether you agree or not please express yours. We have so many hard working members who would appreciate knowing your feelings.
